

## Watch Party Instructions

Thank you for joining our Watch Party! I have listed below some instructions. It would be best to do this before the time of the Watch Party to make sure you do not need any further instruction. “TwoSeven” is “where” we are watching the movie together.

1. Please make sure you are logged into your Amazon account. This is important as we are watching this on Amazon.
2. TwoSeven requires you to have our Firefox/Chrome browser extension for most features.
3. Click here to install Twoseven add on:
