March 2024

everybody LOVES *the* *sunshine*

We packed our March collection and headed to the sunny oasis of Sarasota, Florida. As the epicenter of Mid-century modern architecture on the Gulf Coast, you'll notice the backdrop—a 1950's Lido Key modernist home overlooking a deep water canal. It served as the perfect setting for our new styles that bring the bright energy into spring.

That includes an upbeat outlook: if the weather's not great, just hop a flight to the Gulf Coast. On your agenda: silky gelato pastels at Longboat Key's Whitney's (order the fish tacos), easy breezy navy looks for day, and plenty of hibiscus sportswear for taking home the trophy. And for those in locations where March's temperature is decidedly moody—bright blooming prints are sure to put you in a sunny state of mind.
