

Tiffini Lanza, LCSW, M.Ed.

Tiffini Lanza, LCSW, M.Ed. received a dual master's at Widener University in Human Sexuality and Social Work in 2014. Tiffini received her clinical social work license in 2018. Tiffini is a candidate in the Ph.D. Human Sexuality program at Widener University. Her dissertation topic is studying how mental health providers incorporate sexuality into trauma work with child sexual abuse survivors. Tiffini started working in the field in 2011 as a mental health tech at Friend's Psychiatric Hospital in Philadelphia. Tiffini then transitioned to a consulting position with KenCrest where she is a behavior and sexuality consultant for individuals with disabilities and also working at Family Support Line where she provides trauma therapy for survivors of childhood sexual abuse. Tiffini provides professional trainings in work sites and conferences. Most recently, Tiffini provided a training at the National Association of Social Workers PA chapter conference on *Misgendering my health*. This training focused on the Trans and Queer community and their struggles in accessing safe and appropriate health care. Tiffini's passion for the LGBTQ+ community has also driven her work. She provides ongoing trainings for professionals to best support the LGBTQ+ community.
