Up to four nonrenewable scholarships will be granted in the amount of \$1,250 each for one year. At least three awards will be granted to applicants of member companies within New England as long as there are qualified applicants.

Selection of recipients is made by the NEPPA Scholarship Committee, comprised of NEPPA members, and the decision is final. The committee will evaluate the applications which will be anonymous. In no instance will a committee member

have any knowledge of the applicant or member company during the evaluation process. All applications received are considered confidential.

Awards are not renewable; however, students may reapply for the scholarship each year for the term of their college life (but not to exceed 5 years) provided the student continues to meet eligibility requirements.
