MICHELIN MOTORSPORT CONTINGENCY POSTING

“MICHELIN ALL HANDS FTW”

Michelin Motorsport will continue to offer a full season award to the following classes in 2020:

- GTD
- GS
- TCR
- LMP3

Each class will be eligible for the award that is awarded to a single team per class, spending the least amount of time on pit lane, through Motul Petit Le Mans. The result will be determined by IMSA Timing and Scoring, utilizing the following eligibility:

- ***Complete 90% or more of the Race time in all Races***
- ***Ties decided by highest place in Team Points standing***

The “Michelin All Hands FTW” award is intended to reward team members for outstanding overall team performance, required to keep the car racing on track as much as possible. The award will be DOT-legal street tires (not exceeding \$2,000 MSRP per set of tires), to be allocated to identified individual team members of the winning class teams.

Tracking for “Michelin All Hands FTW” will be cumulative throughout the 2020 season, based on each class’s race schedule and designated race time.

IMSA will calculate and validate the results for each class, following the completion of each series race at Motul Petit Le Mans, and Michelin Motorsport will contact the winners following that race weekend.

An updated posting will be distributed at a later time, specifying the method and rules for award allocation, as well as the quantity of tires for each team award allocation.
