Subject: 2028 Europe Tour- Your student is invited!

Dear CEC Online Families,

I'm excited to share a special opportunity for your student travel experience to **France, Germany and the Alps**. If you're receiving this message, your student has been invited to be part of this educational tour.

We are thrilled to offer this experience in partnership with EF Tours. Other Co Early College campuses across Colorado, as well as charter schools, have created similar sustainable travel programs and opportunities to bring classroom curriculum to life.

Travel can be such a meaningful part of a student's growth, and I'm looking forward to sharing more about what makes this experience so special. We'll be hosting an **in-person informational meeting for families** to talk through the trip details, answer questions, and help you decide whether this opportunity feels like the right fit for your student.

Please register for the meeting using the link below:
https://rsvp.eftours.com/58pmr4p

Even if you're unable to attend, I encourage you to register so we can keep you updated and follow up with important information afterward.

Over the years, I've seen how travel can help students grow in confidence, independence, curiosity, and connection with the world around them. Experiences like this give students the chance to step outside their everyday routines, build meaningful relationships, and gain a deeper understanding of other places, cultures, and perspectives. It's an experience that often stays with them long after they return home.

At the meeting, we'll cover:

- the itinerary and daily experience
- planned activities
- academic and scholarship opportunities
- trip cost and payment information

We'll also share details about a **limited-time $250 early enrollment discount**, and enrollment will officially open following the meeting.

Please note that **space on this tour is limited**, and we do expect spots to fill quickly. I would love for you to join us, learn more, and see whether this could be a great opportunity for your student.

Thank you, and I hope to see you there.

Warmly,
Taylor Martinez
Advisor at CECOLC and Group Leader
