

Dear CECFC Families,

First, thank you all for your understanding and patience during this difficult year. We truly appreciate the continued support of our parents and students. We cannot thank you enough.

As we plan for the 2021-2022 academic year, we want to keep you updated on what to expect, and give you an opportunity to provide input on how we can improve. We are committed to providing a more supportive and engaging experience for our students and are ready to handle any unanticipated changes the year might throw at us. While some aspects of the 2021-2022 year are still up in the air, we do feel confident that the following changes will be in place:

- Classes will be back to being in-person Monday – Friday
- Remote students will be in a separate program, so teachers are able to focus on one student group
- We have a fully remote option for next year, if you are interested, please reach out to Tom Smith, Director of Online Education at [tom.smith@coloradoearlycolleges.org](mailto:tom.smith@coloradoearlycolleges.org)
- Our High School will return to our limited open campus policy. This policy can be [found here](#)
- We will not be a vaccination site for students this summer or next year
- Our calendar for 21-22 can be [found here](#)

While that does not address all the changes that have happened this year, hopefully it provides some answers on what to expect. We know there are still questions around social distancing, contact tracing, and wearing masks, and we hope to provide more information soon. State and local health departments will provide school guidance no later than July 15<sup>th</sup>, and we will provide updates to our families as we learn more.

Our final request of our families is that you take the time to provide some feedback on how the year went and aspects we should focus on improving for next year. Please fill out this survey below:

For any questions or concerns about our plan for next year, please email Collin Turbert using the contact information below. Thank you for your continued support of CECFC!

Thanks,

*Collin Turbert*
