Tips for CarpooltoSchool Success!

Set up your account

Make sure your profile is complete by selecting whether you can drive or need a ride, your schedule, and a photo that helps put a face to the name.

Get acquainted

Chat in the CarpooltoSchool app to choose a meet-up time with your carpool partners. Ask questions that are important to you and get to know each other.

Plan ahead and Be On Time!

Determine your schedule and expectations on timing, route and procedure if you're running late. If you know you'll be out of town or missing school, communicate with your carpool ahead of time.

Communication is key

Are you running late? Something happened on the way home? Send a message through the app and keep your schedule running smoothly.

Be flexible

Be empathetic of the home situation of students and flexible with one another. Show compassion for your fellow CECFC families!
