

LETTER TO THE COMMISSION

LTC No: 25-243

TO: Honorable Mayor and Members of the Fort Lauderdale City Commission
FROM: Rickelle Williams, City Manager *RW*
DATE: December 2, 2025
SUBJECT: Fiscal Year 2025 Year-End Budget Projection Report

The purpose of this Letter to the Commission (LTC) is to present the Fiscal Year (FY) 2025 Year-End Budget Projection Report, which serves as a preliminary snapshot of the year-end revenue and expenditure performance for FY 2025. This report is evidence of the City's fiscal discipline and vigilance, which have been instrumental in maintaining a strong financial position. The FY 2025 financial data will not be finalized until the City's Annual Comprehensive Financial Report is completed.

The Office of Management and Budget will continue to partner with the City Manager's Office and department staff to closely monitor changes as they occur to ensure the City's continued financial stability.

For further information, please contact Laura Reece, Director of the Office of Management and Budget, at lreece@fortlauderdale.gov.

Year-End Projection Overview

The Budget/CIP and Grants Division of the Office of Management and Budget (OMB) is pleased to share the Fiscal Year (FY) 2025 Year-End Budget Projection Report. This report serves as a preliminary year-end review of revenue and expenditure performance for FY 2025.

Staff continue to engage with the City's budget monitoring and projection system. The purpose of this system is to inform senior leadership's budgetary decisions throughout the year on a quarterly basis. The forward-looking projections allow senior leadership to proactively identify and address potential issues such as over-expenditures or low revenue collection.

Year-End Budget Projection System Overview

Projections are based on year-to-date expenditure and revenue line-item data, standard formulas, and departmental input. Projections are designed to estimate remaining expenses and revenues through the remainder of the fiscal year. All funds projected year-end financials are relative to the FY 2025 Amended Budget.

Projections are developed using department/fund-level financial data from the City's financial database. Although Departments coordinate with OMB staff to review fund-level projections to account for continued postings, **financial data in this report is unaudited. Financial data is not finalized until all actual revenues and expenditures are posted and the Finance Department releases the City's Annual Comprehensive Financial Report.** As such, while OMB staff is engaged in continuously improving the projection system and associated methodologies with input from departments and senior leadership, projection data is not expected to be exact.

Year-End Projection Highlights

The Year-End Projection Report reflects the City of Fort Lauderdale's projected year-end expenditures. The projections are developed using the financial data available through October 13, 2025. OMB anticipates that year-end actual impacts to fund balance may vary from current projections due to additional items posting to the City's financial system.

Highlights from the Year-End Projection Report are included below.

- As of the Year-End projection of FY 2025, the City-wide expenditure projection for all funds is \$938,033,151, which is \$14,544,747 or 1.53% less than budgeted.
- General Fund expenditures, including transfers, are projected to be \$507,652,119, which is \$2,352,043 or 0.46% less than budgeted. General Fund revenues, including transfers, are projected to be \$514,096,913, which is \$26,963,395 or 5.54% more than budgeted primarily due to the City receiving its first \$20.7 million in payments for the Per- and Polyfluoroalkyl substances (PFAS) settlement.
- Building Fund revenues are expected to be \$30,307,002, which is \$2,836,538 or 8.56% less than budgeted primarily due to the cyclical nature of permit revenues.
- Cemetery Fund revenues, including transfers, are expected to be \$7,917,941, which is \$1,704,611 or 27.43% more than budgeted primarily due to an anticipated increase in reimbursements from the Perpetual Care Trust Fund.

- City Property and Casualty Insurance expenditures are projected to be \$30,544,843, which is \$1,327,702 or 4.54% more than budgeted. This is primarily due to increased automobile liability claims, collision repair claims, as well as a police professional liability settlement.
- Water and Sewer Fund revenues are expected to be \$201,556,525, which is \$4,997,265 or 2.42% less than budgeted. This is primarily related to lower than anticipated water and sewer sales. Expenditures, including transfers, are projected to be \$207,875,678, which is \$3,673,116 or 1.74% less than budgeted primarily due to salary savings from position vacancies.

Significant Risk Factors That Could Impact Financial Results

Although the City's funds support numerous and diverse programs and activities, there are several key risks that are applicable to City-wide financial results. Year-end expenditure actuals are most likely to be unexpectedly impacted by costs that are difficult to predict. These costs are most frequently related to:

- Late expenditure postings
- After the fact actuarial reports issued

This quarterly department projection report is a snapshot of the City's current trends and fluctuates daily. If you have any questions, comments, or concerns please contact Laura Reece, Director, Office of Management and Budget, at LReece@fortlauderdale.gov or (954) 828-5894.

All financial data is from the City's financial management system as of October 13, 2025

Fund Highlights:

As of the 4th Quarter of FY 2025, General Fund revenues are expected to be \$514,096,913, which is \$26,963,395 or 5.54% more than budgeted primarily due to the City receiving its first \$20.7 million in payments for the Per- and Polyfluoroalkyl substances (PFAS) settlement.

General Fund revenues have a projected shortfall in the following categories:

- Ad Valorem - Operating revenue primarily related to reductions in taxable valuations from the Value Adjustment Board
- Intergovernmental Revenue primarily related to lower than anticipated half-cent sales tax and county shared gas tax revenue
- Charges for Services primarily related to delayed payments for the Public Emergency Medical Transport fees
- Fines and Forfeits revenue primarily related to lower collection rates for special magistrate board fines and citation fees

These decreases are offset by the Florida Power and Light (FPL) franchise fees which are expected to be \$3.1 million more than budgeted.

General Fund operating expenses, including transfers, are projected to be \$507,652,119, which is \$2,352,043 or 0.46% less than budgeted primarily due to salary savings from vacancies. The increase in non-operating expenses is primarily due to the pass-thru of the state excise tax on property and casualty insurance premiums collected in the City, which is allocated to the Public Safety pension funds and was approved as a part of the clean-up budget amendment on the November 18, 2025 City Commission Regular Meeting.

After all items above are considered, the net impact is a projected \$6,444,795 increase in fund balance.

All financial data is from the City's financial management system as of October 13, 2025

Fund Highlights:

As of the 4th Quarter of FY 2025, Airport Fund expenditures, including transfers, are projected to be \$12,700,141, which is \$558,531 or 4.21% less than budgeted. Revenues are expected to be \$14,583,160, which is \$1,273,781 or 9.57% more than budgeted primarily due to investment returns. The year-end net impact is a projected \$1,883,019 increase in fund balance, which is a \$398,268 variance from the planned \$2.3 million addition to fund balance outlined in the FY 2025 Adopted Budget, primarily due to increased capital investments.

All financial data is from the City's financial management system as of October 13, 2025

Fund Highlights:

As of the 4th Quarter of FY 2025, Building Fund expenditures are projected to be \$29,992,439, which is \$176,256 or 0.58% less than budgeted. Revenues are expected to be \$30,307,002, which is \$2,836,538 or 8.56% less than budgeted primarily due to decreased permit revenues. The year-end net impact is a projected \$314,563 increase in fund balance, which represents a \$3.2 million variance from the planned \$3.5 million addition to fund balance outlined in the FY 2025 Adopted Budget.

The Building Fund maintains a healthy fund balance to buffer against the cyclical nature of building-related activity.

All financial data is from the City's financial management system as of October 13, 2025

Fund Highlights:

As of the 4th Quarter of FY 2025, the Cemetery Fund expenditures, including transfers, are projected to be \$9,215,600, which is \$303,565 or 3.19% less than budgeted primarily due to salary savings from vacancies. Revenues, including transfers, are expected to be \$7,917,941, which is \$1,704,611 or 27.43% more than budgeted primarily due to an anticipated increase in reimbursements from the Perpetual Care Trust Fund. The year-end net impact is a projected \$1,297,659 decrease in fund balance, which represents a \$1.5 million reduction from the \$2.7 million planned use of fund balance outlined in the FY 2025 Adopted Budget.

All financial data is from the City's financial management system as of October 13, 2025

Fund Highlights:

As of the 4th Quarter of FY 2025, the City Property and Casualty Insurance Fund expenditures are projected to be \$30,544,843, which is \$1,327,702 or 4.54% more than budgeted. This is primarily due to increased automobile liability claims, collision repair claims, as well as a police professional liability settlement. Revenues are expected to be \$30,147,259, which is \$1,952,654 or 6.93% more than budgeted. The year-end net impact is a projected \$397,584 decrease in fund balance. This represents a \$3.3 million decrease from the \$2.9 million planned addition to fund balance outlined in the FY 2025 Adopted Budget.

All financial data is from the City's financial management system as of October 13, 2025

Fund Highlights:

As of the 4th Quarter of FY 2025, the Fleet Fund expenditures, including transfers, are projected to be \$43,350,661, which is \$368,970 or 0.85% less than budgeted. Revenues are expected to be \$31,529,639, which is \$1,812,732 or 6.10% more than budgeted. The year-end net impact is a projected \$11,821,022 decrease in fund balance, which represents a \$12.9 million variance from the \$1.1 million planned addition to fund balance as outlined in the FY 2025 Adopted Budget. This is primarily due to the \$13.2 million in prior year encumbrance rollovers to finalize planned purchases or initiatives in addition to the acceleration of twenty four (24) planned vehicle replacements to decrease maintenance costs as outlined in the June 3, 2025 budget amendment.

All financial data is from the City's financial management system as of October 13, 2025

Fund Highlights:

As of the 4th Quarter of FY 2025, the Project Management Fund expenditures are projected to be \$3,808,905, which is \$831,724 or 17.92% less than budgeted primarily due to vacancies. Revenues are expected to be \$3,408,905, which is \$1,202,067 or 26.07% less than budgeted.

The Project Management Fund is an internal service fund that charges capital projects a fee for hours worked. Due to the administrative overhead associated with project management costs, any subsequent vacancies in billable positions throughout the fiscal year will negatively impact revenues. Balancing adjustments of \$400,000 were approved on the clean-up budget amendment on November 18, 2025.

All financial data is from the City's financial management system as of October 13, 2025

Fund Highlights:

As of the 4th Quarter of FY 2025, the Sanitation Fund expenditures are expected to be \$38,457,813, which is \$1,226,455 or 3.09% less than budgeted primarily due to the City receiving additional credits for processing recycling materials. Revenues, including transfers, are expected to be \$41,462,342, which is \$1,061,496 or 2.63% more than budgeted primarily due to investment returns. The year-end net impact is a projected \$3,004,529 increase in fund balance.

All financial data is from the City's financial management system as of October 13, 2025

Fund Highlights:

As of the 4th Quarter of FY 2025, the Stormwater Fund expenditures, including transfers, are projected to be \$68,909,764, which is \$3,280,625 or 4.54% less than budgeted primarily due to salary savings from vacancies as well as savings in operating expenses. Revenues are expected to be \$37,813,909, which is \$1,971,325 or 5.50% more than budgeted, which is primarily due to higher than anticipated investment returns. The year-end net impact is a projected \$31,095,855 decrease in fund balance, which represents a \$698,571 variance from the \$30.4 million planned use of fund balance outlined in the FY 2025 Adopted Budget primarily to support Community Investment Plan projects.

All financial data is from the City's financial management system as of October 13, 2025

Fund Highlights:

As of the 4th Quarter of FY 2025, the Water and Sewer Fund expenditures, including transfers, are projected to be \$207,875,678, which is \$3,673,116 or 1.74% less than budgeted primarily due to salary savings from vacancies. Revenues, including transfers, are expected to be \$201,556,525, which is \$4,997,265 or 2.42% less than budgeted. This is primarily related to lower than anticipated water sale collections as well as sewer services. The year-end net impact is a projected \$6,319,153 decrease in fund balance, which represents a \$12.3 million variance from the planned \$6.0 million addition to fund balance envisioned in the FY 2025 Adopted Budget. This is primarily due to \$6.5 million in prior year encumbrance rollovers to finalize planned purchases or initiatives.
