

HELP GROW A GREENER FORT LAUDERDALE

We want to hear from you!

TOGETHER WE CAN SHAPE THE FUTURE OF FORT LAUDERDALE'S URBAN FOREST!

Fort Lauderdale is growing a greener future by expanding and improving the trees in our city—our urban forest. We're aiming for 33% tree cover by 2040, which means more trees for shade, cleaner air, and a more beautiful city! Your input is essential as we develop an Urban Forestry Master Plan to achieve this.

We need YOUR input! Share your thoughts by attending an upcoming public meeting and taking our quick survey by scanning the QR code below or visiting [ftlcity.info/ufmpsurvey](https://ftlcity.info/ufmpssurvey).
