# City of Fort Lauderdale Neighbor Survey (2021)

## Executive Summary

### Purpose & Methodology

In 2021 ETC Institute administered a community neighbor survey for the City of Fort Lauderdale as a tool to receive feedback from the City's residents. The information compiled from this survey will be used as the City continues to enhance programs, services, and identify areas where improvements are needed to ensure the City moves innovatively into the future. Resident input is also extremely valuable for the development and implementation of the City's five-year strategic plan which further outlines the City's goals and priorities.

The survey instrument, cover letter, and postage paid return envelope were mailed to a random sample of households in the City of Fort Lauderdale. The cover letter explained the purpose of the survey and encouraged residents to either return their survey by mail or complete the survey online.

Approximately ten days after the surveys were mailed, ETC Institute sent emails/text messages to the households that received the survey to encourage participation. The emails/texts contained a link to the online version of the survey to make it easy for residents to complete. To prevent people who were not residents of the City from participating, everyone who completed the survey online was required to enter their home address prior to submitting the survey. ETC Institute then matched the addresses that were entered online with the addresses that were originally selected for the random sample. If the address from a survey completed online did not match one of the addresses selected for the sample, the online survey was not counted. The GIS map to the right shows, indicated with small red dots, the location, to the block level, of completed surveys.

The goal was to obtain at least 600 completed surveys. This goal was far exceeded, with a total of 717 residents completing the survey. The overall response for the sample of 717 households have a precision of at least +/- 3.6% at the 95% level of confidence.

# City of Fort Lauderdale Neighbor Survey (2021)

## Executive Summary

The Findings Report contains:

- executive summary (Section 1)
- charts depicting the overall results of the survey and trends comparing the 2021 results to 2019 results (Section 2)
- benchmarking data that shows how the survey results for Fort Lauderdale compare with large U.S. communities (population between 100,000 and 249,000) and the national average for services analyzed (Section 3)
- importance satisfaction analysis (Section 4)
- cross-tabular data by City Commission Districts (Section 5)
- tabular data for all questions on the survey (Section 6)
- a copy of the survey instrument (Section 7)

Major survey findings are on the following pages.

## Major Findings

***Since 2019, the City's satisfaction rating for the overall quality of City services increased by 9.6% and satisfaction rating for customer service increased by 8.9%.***

- The top three major City services that had the highest satisfaction ratings were:
  - Fire rescue services (80.2%)
  - Parks and recreation programs and facilities (67.9%)
  - Customer service you receive from City employees (60.0%)
- Since 2019, resident satisfaction with customer service increased by 8.9% from 51.1% in 2019 to 60.0% since 2021. Resident satisfaction with the overall quality of City services increased by 9.6% from 48.8% in 2019 to 58.4% in 2021.
- The graph to the right shows how residents that contacted the City within the past year (51.2%) rated the City employees.
  - 71.8% indicated City employees are either *always* or *frequently* courteous/professional and 61.8% indicated the response time is either *always* or *frequently* reasonable.

# City of Fort Lauderdale Neighbor Survey (2021)

## Executive Summary

**Residents gave the City of Fort Lauderdale high ratings as being an excellent/good place to visit, for play and leisure, to live, to seasonally reside, to work, and the overall quality of life in the City.**

- The graph to the right shows how residents rated their overall opinion of the City. The top six items that had the highest ratings of *excellent* and *good* ratings combined were:

- The City as a place to visit (87.8%)
- The City as a place for play and leisure (82.8%)
- The City as a place to live (77.6%)
- The City as a place to seasonally reside (75.9%)
- The overall quality of life in the City (68.1%)
- The City as a place to work (67.8%)

- Compared to the national average, the City had notably higher ratings (based on the sum of *excellent* and *good* ratings) for the City as a place to visit (+29.8%) and the City as a place to live (+27.9%). The City had a notable lower rating than the national average, in only one out of the six items compared, for the City as a place to raise children (-17.1%).
- At least one out of two residents gave the City a rating of either *excellent* or *good* for the quality of private schools (70.0%), the acceptance of diversity (65.6%), the availability of employment (57.2%), and the overall appearance of the City (52.6%).
  - The City's rating for the availability of employment increased by 8.4% from 48.8% in 2019 to 57.2% in 2021.

**The top four major City services that residents think should receive the most emphasis from City leaders over the next two years are the overall flow of traffic, the maintenance of City streets, sidewalks, and infrastructure, how well the City is preparing for the future, and police services.**

- The top four major City services that received the highest ratings of satisfaction, based on the sum of *very satisfied* and *satisfied* responses, were:
  - Fire rescue services (80.2%)
  - Parks and recreation programs and facilities (67.9%)
  - Customer service you receive from City employees (60.0%)
  - Police services (59.7%)

# City of Fort Lauderdale Neighbor Survey (2021)

## Executive Summary

- The three City services that had the lowest ratings of satisfaction were: the maintenance of City streets, sidewalks, and infrastructure (34.8%), how well the City is preparing for the future (27.3%), and the overall flow of traffic (18.9%).
- Residents were asked which of the three major City services did they think should receive the most emphasis from City leaders over the next two years. Based on the sum of the top three choices, the top four major City services that received the highest responses are listed below. *See the graph to the right.*
  - The overall flow of traffic (56.0%)
  - Maintenance of streets, sidewalks, and infrastructure (42.7%)
  - How well the City is preparing for the future (33.2%)
  - Police services (28.9%)

***The top four transportation and mobility services that residents think should receive the most emphasis from City leaders over the next two years are management of traffic flow/congestion on major roadways and in their neighborhoods, cost of public parking, and the adequacy of street lighting.***

- The graph to the right shows the sum of residents' top three choices for the transportation and mobility services they think should receive the most emphasis from City leaders over the next two years.
- Transportation and mobility services that received the highest ratings of satisfaction (based on the sum of very *satisfied* and *satisfied* ratings) were the overall cleanliness of streets (48.3%) and the overall maintenance of street signs/pavement markings (41.8%).
- The services with the lowest ratings of satisfaction were: the cost of public parking (23.7%) and the management of traffic flow/congestion on major roadways (12.5%).
- The majority (53.1%) of residents use alternative transportation options (walking, biking, mass transit, or dockless mobility) monthly to daily.

# City of Fort Lauderdale Neighbor Survey (2021)

## Executive Summary

***Over half (50.0%) of residents are either very satisfied or satisfied with the professionalism of police employees responding to emergencies, the overall quality of local police protection and how quickly police respond to 9-1-1 emergencies.***

- Based on the sum of *very satisfied* and *satisfied* responses, the following three police services had the highest satisfaction ratings:
  - Professionalism of police employees responding to emergencies (66.0%)
  - Overall quality of local police protection (59.3%)
  - How quickly police respond to 9-1-1 emergencies (54.5%)
- The top two public safety services that residents think should receive the most emphasis from City leaders over the next two years are the visibility of police in neighborhoods (52.0%) and the City's efforts to prevent crime (50.3%).
- Residents were asked to rate their level of perception of safety in various situation in the City. *See the graph to the right.* At least four out of five (80.0%) residents feel either *very safe* or *safe* in the following situations:
  - In commercial/business areas during the day (84.1%)
  - Along the beach (82.4%)
  - Walking and/or biking in your neighborhood during the day (81.8%)
- The following two situations had the lowest ratings of *very safe* and *safe* responses:
  - Walking and/or biking in your neighborhood at night (54.3%)
  - In commercial/business areas at night (49.7%)
- Residents that indicated they feel safe in various situations in the City, 61.3% indicated they feel unsafe because of the presence of loiterers, 49.9% because of the lack of sufficient lighting, and 46.2% because of fast vehicular traffic or congestion.

# City of Fort Lauderdale Neighbor Survey (2021)

## Executive Summary

### Conclusion

To ensure the City continues to deliver a high quality of services to its' residents, ETC Institute recommends the City of Fort Lauderdale emphasize the following areas.

- **Overall Priorities for Major Categories of City Services:** To help set the overall priorities for the City, the first level of analysis reviewed the importance of and satisfaction with the overall priorities of major categories of City services.
- The table below shows the Importance-Satisfaction Analysis for six out of the fourteen major categories of City services analyzed. Based on the results of this analysis, the four services that are recommended as the top opportunity for improvement over the next two years, in order to raise the City's overall satisfaction rating are:
  - The overall flow of traffic (I-S Rating=0.4542)
  - Maintenance of City streets, sidewalks, and infrastructure (I-S Rating=0.2784)
  - How well the City is preparing for the future (I-S Rating=0.2414)
  - Police services (I-S Rating=0.1165)

# City of Fort Lauderdale Neighbor Survey (2021)

## Executive Summary

- **Priorities for Specific Areas:** The second level of analysis reviewed the importance of and satisfaction with services within other specific service areas. This analysis was conducted to help departmental managers set priorities for their department. Based on the results of this analysis, the services that are recommended as the top priorities within each area over the next two years are listed below:
  - **Fire Rescue & Emergency Management Planning Services:** how quickly fire rescue responds to 9-1-1 emergencies
  - **Police Services:** the visibility of police in neighborhoods, the City's efforts to prevent crime, how quickly police respond to 9-1-1 emergencies, and the overall quality of police protection
  - **Parks & Recreation Services:** maintenance of City parks, City adult recreation programs, City youth recreation programs, variety of parks and recreation programs, the quality of special events, the cost of programs and facility fees, and the availability of information about programs
  - **Transportation & Mobility Services:** management of traffic flow/congestion on major roadways, cost of public parking, management of traffic flow/congestion in neighborhoods, the availability of biking paths and bike lanes, the adequacy of street lighting, maintenance of neighborhood streets, the availability of sidewalks, condition of sidewalks, availability of public transit options, and the availability of public parking
  - **Water, Wastewater, Flooding, & Sanitation Services:** prevention of flooding, cleanliness of waterways near homes, overall quality of drinking water, and the overall quality of sewer services

By emphasizing improvements in the areas listed above, the City will be able to continue to improve levels of customer satisfaction in future years and increase satisfaction in areas where improvements are needed.

Importance-Satisfaction Analysis tables for the City of Fort Lauderdale are found in Section 4 of the Findings Report.

# **Section 2: Charts & Graphs of Overall Results**

# Q1. Overall Opinion of the City of Fort Lauderdale

by the percentage of respondents rating the City, on a 5-point scale, where 5 means **excellent** and 1 means **poor** (excluding **don't know** responses)

## Trends: 2021 v. 2019

# Overall Opinion of the City of Fort Lauderdale

by the sum percentage of respondents that gave the City a rating of either *excellent* or *good*  
(excluding *don't know* responses)

## Trends: 2021 v. 2019

# Overall Opinion of the City of Fort Lauderdale (Continued)

by the sum percentage of respondents that gave the City a rating of either *excellent* or *good*  
(excluding *don't know* responses)

## Q2. Perceptions of the City of Fort Lauderdale

by the percentage of respondents rating the City, on a 5-point scale, where 5 means **excellent** and 1 means **poor** (excluding **don't know** responses)

## Trends: 2021 v. 2019

# Perceptions of the City of Fort Lauderdale

by the sum percentage of respondents that gave the City a rating of either *excellent* or *good*  
(excluding *don't know* responses)

## Q3. Level of Satisfaction with Major City Services

by the percentage of respondents rated their level of satisfaction, using a 5-point scale, where 5 means *very satisfied* and 1 means *satisfied* (excluding *don't know* responses)

## Trends: 2021 v. 2019

# Overall Satisfaction with Major City Services

by the sum percentage of respondents that were either *very satisfied* or *satisfied*  
(excluding *don't know* responses)

## Q4. Which THREE of the items listed in Question 3 do you think should receive the MOST EMPHASIS from City leaders over the next TWO years?

by the sum percentage of respondents' top three choices

## Q5(1-5). Level of Satisfaction with Fire Rescue and Emergency Management Planning

by the percentage of respondents, using a 5-point scale, where 5 means *very satisfied* and 1 means *very dissatisfied*  
(excluding *don't know* responses)

## **Trends: 2021 v. 2019**

### **Overall Satisfaction with Fire Rescue and Emergency Management Planning**

by the sum percentage of respondents that were either *very satisfied* or *satisfied*  
(excluding *don't know* responses)

by percentage of respondents (excluding *not provided* responses)

## Q42. Is your residence in Fort Lauderdale your primary or secondary residence?

by percentage of respondents (excluding *not provided* responses)

## Q43. In what type of residence do you live?

by percentage of respondents (excluding *not provided* responses)

# **Section 3: Importance-Satisfaction Analysis**

# Importance-Satisfaction Analysis

## Overview

Today, City officials have limited resources which need to be targeted to services that are of the most benefit to their residents. Two of the most important criteria for decision making are;

1. to target resources toward services of the highest importance to residents and
2. to target resources toward those services where residents are the least satisfied.

The Importance-Satisfaction (I-S) rating is a unique tool that allows public officials to better understand both highly important decision-making criteria for each of the services they are providing. The Importance-Satisfaction (I-S) rating is based on the concept that public agencies will maximize overall resident satisfaction by emphasizing improvements in those areas where the level of satisfaction is relatively low, and the perceived importance of the service is relatively high.

The rating is calculated by summing the percentage of responses for items selected as the first, second, and third most important services for the City to provide. The sum is then multiplied by 1 minus the percentage of respondents who indicated they were positively satisfied with the City's performance in the related area (the sum of the ratings of 4 and 5 on a 5-point scale excluding "don't know" responses). "don't know" responses are excluded from the calculation to ensure the satisfaction ratings among service categories are comparable.

$$\text{I-S Rating} = \text{Importance} \times (1 - \text{Satisfaction})$$

## Example of the Calculation

Respondents were asked to identify major categories of services provided by the City that they think are most important for the City to provide. Fifty-six percent (56.0%) of respondents selected the *overall flow of traffic*, as one of the most important major services for the City to provide.

## Importance-Satisfaction Analysis (Continued)

Regarding satisfaction, 18.9% of respondents rated the City's overall performance regarding the *overall flow of traffic* as a "4" or "5" on a 5-point scale (where "5" means "very satisfied") excluding "don't know" responses.

The I-S rating for the *overall flow of traffic*, is calculated by multiplying the sum of the most important percentages by one minus the sum of the satisfaction percentages.

In this example, 56.0% was multiplied by 81.1% (1-0.189). This calculation yielded an I-S rating of 0.4542 which ranked first out of the fourteen (14) services, provided by the City, that were analyzed.

The maximum rating is 1.00 and would be achieved when 100% of the respondents select an item as one of their top three choices to emphasize over the next two years and 0% indicate they are positively satisfied with the delivery of the service.

The lowest rating is 0.00 and could be achieved under either of the following two situations:

- If 100% of the respondents were positively satisfied with the delivery of the service
- If none (0%) of the respondents selected the service as one for the two or three most important areas for the City to emphasize over the next two years.

### Interpreting the Ratings

Ratings that are greater than or equal to 0.20 identify areas that should receive significantly more emphasis over the next two years. Ratings from 0.10 to 0.20 identify service areas that should receive increased emphasis. Ratings less than 0.10 should continue to receive the current level of emphasis.

- Definitely Increase Emphasis (IS  $\geq$  0.20)
- Increase Current Emphasis (0.10  $\leq$  IS < 0.20)
- Maintain Current Emphasis (IS < 0.10)

The results for the City of Fort Lauderdale are provided on the following pages.

Note: The I-S Rating is calculated by multiplying the "Most Important" % by (1-'Satisfaction' %)

#### Most Important %:

The "Most Important" percentage represents the sum of the first, second, and third most important responses for each item. Respondents were asked to identify the items they thought should receive the most emphasis over the next two years.

#### Satisfaction %:

The "Satisfaction" percentage represents the sum of the ratings "4" and "5" excluding don't knows.' Respondents ranked their level of satisfaction with the each of the items on a scale of 1 to 5 with "5" being very satisfied and "1" being very dissatisfied.

# **Section 4: GIS Mapping**

# GIS Mapping Overview

## Interpreting the GIS (Geographic Information System) Maps Provided

The maps on the following pages show the mean ratings for satisfaction and rating questions on the 2021 City of Fort Lauderdale Neighbor Survey. Boundaries are shown by City Commission Districts.

When reading the maps, please use the following color scheme as a guide:

-  Darker blue shades indicate POSITIVE ratings. Shades of blue generally indicate high satisfaction with a service, ratings of “very satisfied” or “excellent.”
-  Lighter blue shades indicate POSITIVE ratings. Shades of light blue generally indicate satisfaction with a service, ratings of “satisfied” or “good.”
-  Off-white shades indicate NEUTRAL ratings. Shades of neutral generally indicate that residents thought the quality-of-service delivery is adequate.
-  Orange shades indicate NEGATIVE ratings. Shades of orange generally indicate slight dissatisfaction with a service, ratings of “dissatisfied” or “below average.”
-  Red shades indicate NEGATIVE ratings. Shades of red generally indicate dissatisfaction with a service, ratings of “very dissatisfied” or “poor.”

December 2021

Dear Neighbor:

The City of Fort Lauderdale is committed to building community in partnership with each and every one of you -- our residents.

To continue to enhance programs and services, we are asking you to participate in our 9<sup>th</sup> Neighbor Survey. Your input will help to reveal where we are exceeding your expectations, as well as identify areas where improvements are needed to ensure our City moves innovatively into the future. Your input is also valuable for the implementation of our 5-year strategic plan, *Press Play Fort Lauderdale 2024*, which further outlines our government's goals and priorities.

Please take a few moments to complete the survey. Your participation is vital to the success of this effort, and your responses will remain anonymous. A postage-paid return envelope has been provided for your convenience; alternatively, you may complete the survey online at [www.FLNeighborSurvey.org](http://www.FLNeighborSurvey.org). Once the survey results are compiled, a report will be presented. If you have any questions, please contact the Office of Management and Budget at (954) 828-5015.

Thank you for your help on this collaborative effort and for continuing to work with us to make Fort Lauderdale an even better place to live, work, play, visit, and raise a family.

Yours,

Dean J. Trantalis  
Mayor
