The City of Fort Lauderdale's Transportation and Mobility Department is advancing the initial vision for the NE 15th Avenue streetscape project toward design. The project, located along NE 15th Avenue between Sunrise Boulevard and the South Fork of the Middle River, will be funded by a grant that was awarded last fall through the Broward Metropolitan Planning Organization. Your participation will help make NE 15th Avenue the best it can be for everyone.

### The project is expected to include:

- Raised intersections for traffic calming.
- Integration of lessons learned from the pilot tactical project between NE 11th Street and NE 13th Street.
- Raised crosswalks near the NE 18th Street roundabout.
- A new crosswalk at NE 15th Street.
- Landscaped medians between NE 11th Street and NE 13th Street to match the northern section of the roadway.
