Florida Statutes Governing Vehicle Noise

- FS 403.415 – “Florida Motor Vehicle Noise Prevention and Control Act of 1974”
- Intent of FS 403.415 is to implement the state constitutional mandate of s. 7, Art. II of the State Constitution to improve the quality of life in the state by limiting the noise of new motor vehicles sold in the state and the noise of motor vehicles used on the highways of the state.

Florida Statutes Governing Vehicle Noise

- FS 403.415 – “Florida Motor Vehicle Noise Prevention and Control Act of 1974”
- Enactment of local ordinances limited unless expressly authorized.

Florida Statutes Governing Vehicle Noise

- FS 316.3045 – Operation of radios or other mechanical or electronic soundmaking devices or instruments in vehicles
 - (1) A person operating or occupying a motor vehicle on a street or highway may not operate or amplify the sound produced by a radio, tape player, compact disk player, etc., which sound emanates from the motor vehicle, so that the sound is:
 - (a) plainly audible at a distance of 25 feet or more from the motor vehicle; or
 - (b) louder than necessary for the convenient hearing by person inside the vehicle in areas adjoining private residences, churches, schools, or hospitals.

Florida Statutes Governing Vehicle Noise

- FS 316.3045, continued

(4) This section does not prohibit a local authority from lawfully imposing more stringent regulations on sound produced by a radio or other mechanical or electronic soundmaking device or instrument as described in subsection (1), which sound emanates from a motor vehicle.
