## INFLOW & INFILTRATION REDUCTION PROGRAM: SEWER SMOKE TESTING

The City of Fort Lauderdale is working with Ardurra Group Inc. to conduct smoke testing throughout Fort Lauderdale over the next three years. This common procedure involves blowing smoke through sewer pipes to locate defects that would allow stormwater and groundwater to enter the sewer system.

The smoke being used is odorless, non-toxic, non-staining, does not create a fire hazard and will clear within 30 minutes with proper ventilation. Smoke should not enter private properties if they are properly plumbed and vented and if water traps contain water. If smoke enters private property, please ventilate the area, and notify nearby field technicians.

Smoke testing will take place Monday through Friday between 9 a.m. and 4 p.m. This schedule is subject to change based on inclement weather or other unforeseen circumstances.

### Approximate Testing Schedule for Arterial Roads Wednesday, June 25, 2025

- Bayview Dr. from NE 14th St. to E Sunrise Blvd.
- N Federal Hwy. from E Commercial Blvd. to NE 54th St.
- E Commercial Blvd. from NE 15th Ave. to NE 20th Ave.

### Traffic Impacts

- One lane in each direction of each street may be closed during work hours.
- Traffic control personnel will direct traffic as needed.
- Access to driveways will be maintained.
- Please follow posted signs and drive with caution in the area.

We apologize in advance for any inconvenience and thank our neighbors for their patience while we complete this important testing. To see a map of the areas where smoke testing is scheduled and learn more about sewer smoke testing and the City's efforts to reduce inflow and infiltration, visit [ftlcity.info/iandi](http://ftlcity.info/iandi).
