

## **Kid's Fishing Day Coming on June 2<sup>nd</sup>**

Come out and join us on the morning of Saturday, June 2<sup>nd</sup> (about 9am) as we partner with our friends at Alpharetta Outfitters and participate in the Gwinnett County Parks and Recreation annual Kid's Fishing Day. The event will be held on the Gwinnett side of the Hooch at Jones Bridge Park (NOT ON THE FULTON SIDE).

About 500-800 kids are expected along with their parents. Free rods and bait will be given to the families to fish during the day. We will have our UCCTU and AO booths set up and will be giving out information as well as conducting casting lessons. If you'd like to help out, please give our Membership Chair, Jim Owen a call at 678-643-6274 or send a note to [Membership](#).

After the event, we'll hit the Hooch for some late Spring afternoon fishing. Come join us.

## **It's Time to Fish -- Turn Trash You Collect into Prizes!**

As described in last month's President's Message, we're rapidly moving along with our new #cleanmywater @ucctu campaign and the trash-collecting all around the country is impressive (check out the interactive map on [ucctu.tu.org](http://ucctu.tu.org) and all of the great photographs that have been posted. You are encouraged to use your smartphone camera and enter photos of collected trash tagged with #cleanmywater found in the Instagram app. You can upload photos on either Instagram or Facebook since these sites are sharing the entries.

Remember to collect trash while out fishing and hiking back to your car. Take a photo or two and post them with the #cleanmywater hashtag. You'll be joining fishers from all over our local area and some as far as Colorado and North Carolina. And what makes our campaign even better, after uploading pictures of collected trash, you'll be in the running to win one of two new Walter's Fly Rod or other great prizes donated by our growing list of partners. See below for full details.

---
