Community Partners in Health Professions is a 12-week job readiness training program with a strong emphasis on academics, communication, computers and employment skills. The program is designed to support community residents in gaining the skills necessary to be viable candidates for employment in general and administrative health care and customer service positions.

All program graduates receive job search support until employment goals are reached.

Candidates must attend an informational seminar at Project Hope on either:

- **September 2nd**
- **September 16th**
- **October 7th**
- **October 21st**

Informational seminars begin promptly at 9:30 am at our facility located at:

**550 Dudley Street, Roxbury, MA
(at the corner of East Cottage and Dudley Street)**
