

The Early Childhood Mental Health Program is hiring: 3! New! Program! Managers!

The ECMH team sits in the Child, Adolescent, and Family Health Bureau. With funding from the Substance Abuse and Mental Health Services Administration (SAMHSA), the program has developed a model for delivering a full spectrum of Early Childhood Mental Health services integrated into primary care, the LAUNCH-MYCHILD Model (the Model). With a new SAMHSA award, the program will replicate the Model outside of primary care, focusing on infants and toddlers (birth to 48 months) who are involved with the state child welfare system. This grant is funded for 4 years (October 2019-September 2023) pending annual renewal from SAMHSA. It is the Family Independence, Resilience, Support, and Treatment System of Care (FIRST SOC).

There are 3 distinct Program Manager positions for FIRST SOC. Applicants interested and qualified for multiple positions must apply to each position separately. Cover Letters should be submitted to address the specific nature of each Program Manager position.

All applications must go through the online system. Emails are not accepted.

Interviews will begin as soon as possible, **DO NOT DELAY** in submitting your application.

The First SOC Program Manager for Model Implementation (PMMI) is responsible for assuring high quality implementation...S/he will serve more generally as a point person on early childhood mental health...for promotion, prevention, and screening, diagnosis, and treatment of young children's mental health needs.

The First SOC Program Manager for Family Leadership (PMFL) is responsible for leading authentic family engagement in all aspects of the FIRST SOC grant activities...S/he will serve more generally as a point person on family engagement...for building caregiver leadership capacity in systems change and service delivery efforts focused on the early childhood period.

The First SOC Program Manager for SOC Development (PMSD) is responsible for implementing local and statewide system of care development activities of the FIRST SOC grant...S/he will serve more generally as a point person on SOC development...for building mental health systems of care.
