Mikveh Initiative

Heal. Reflect. Renew.

Minnesota Jewish Theatre Company presents a contemporary collection of inspiring monologues that share the transformative experience of the modern *mikveh*, a Jewish ritual bath re-imagined for modern use. This special project, in partnership with The Minnesota Community Mikveh Initiative, presents dramatic readings of women and men who have immersed in the living waters of the mikveh. Following the readings, there will be a break for refreshments and a discussion led by Cantor Rachel Stock Spilker.

“You feel like you’re part of something bigger... part of a story, part of a community.”
