

2024 Efforts and 2025 Concerns

Where APC Directed its Efforts in 2024

- APC continued to be very focused on the Chick-fil-A restaurant proposal in Arnold, as CFA began the approval process a second time. APC's General Membership meeting in December was devoted to updating citizens on the CFA project.
- APC continued to monitor proposed development activities for Tommy's Car Wash, Wroxeter Estates, Severn School, Brightleaf, Woodgate, Cresston Road, the Foye property, Fords Grant II, Shot Town Road, 16 West Joyce Lane, and for stream restoration activities for Mill Creek.
- APC continued to keep a close watch on ongoing plans to improve Route 2, including the widening of the highway and projects at Joyce Lane.
- APC monitored the Broadneck Trail construction. One of our Board members attends project team meetings for Phase III.
- APC supported the Broadneck Council of Communities and the Greater Severna Park Council and attended several meetings and events held by the County and other groups.
- APC helped to maintain the pocket park at the corner of Severn Way and the B&A trail and tended its sponsored garden plot on the B&A trail.
- APC hosted a rest stop for the annual Lifeline 100 biking event for the tenth year.
- APC again sponsored clean-ups of an Arnold segment of Route 2 in the State Highway Administration's Adopt-a-Highway program.
- APC held membership meetings and sent out numerous newsletters and informative emails to members.

Please read on for 2025 Issues of Concern

APC Expected Issues of Concern in 2025

APC expects to address the following concerns in 2025:

- All proposals for development or land use in Arnold, the Broadneck peninsula and neighboring areas, especially the Chick-fil-A proposal and plans for the expansion of Route 2
- Proposals for development requesting modifications or variances
- Possible proposed changes to the Anne Arundel County Code
- The completion of the construction of the Broadneck Trail
- Increasing the reach of Arnold Preservation Council so that it can keep more Arnold and Broadneck peninsula citizens informed about critical matters in the greater Arnold area
- Increasing the number of volunteers helping APC to carry out its mission
- Updating the APC brochure
- Forging new relationships with recently elected or appointed state delegates and senators
