Performed by the Hampstead Stage Company

The Hampstead family began its mission back in 1983. Hampstead Stage Company got its name from our founders: Daniel Matmor, Michael Phillips, and Katherine and Gordon Preston, who came to America from Hampstead, England to pursue their dreams. Since its inception, our company has grown into one of the largest educational touring companies in the nation. Performing over two thousand shows a year in all 48 contiguous states; we have played for about twenty-one million audience members.

Our interactive educational tours run year-round and are performed by two professional actors, each playing multiple roles. Our scripts are original adaptations, based directly on literary classics, and include children and adults from the audience. The plays last one hour, with a question and answer session following the performance. The Company owns realistic sets and costumes, designed using extensive historical research.
