Test Prep and Academic Tutoring

## SAT & SSAT Classes

BENDHEIM WESTERN GREENWICH CIVIC CENTER

*449 Pemberwick Road, Greenwich, CT 06831*

### SAT CLASS

For over 20 years, Ivy Bound's students have succeeded in using our very traditional approach to mastering the SAT. Whether in class, private tutoring, or semi-private tutoring, students hear a tutor's short "lecture", grapple with actual test problems, and then review those problems with the tutor. We believe that students can reach their goals with a combination of a collaborative process, traditional tutoring, practice tests, and diligent work.

**Cost: \$1350 per student. (includes 4 hours of semi-private tutoring later in the summer)**

### SSAT CLASS

The Secondary School Admission Test (SSAT) may now be the most important test a middle school child can take. A good score on either test is a credential to one of the best opportunities in the world: a private, selective secondary school education. Parents who want to see their child thrive routinely find better opportunities within private schools.

**Cost: \$1150 per student**
