

## **WEBINAR: New Group Medical Program through Sana Benefits for West Texas AGC Chapter JUNE 14, 2022 10:00am – 11:00am**

SANA, in conjunction with The Stevenson Group, will be presenting the overall program and the many features that make it unique. This program is a significant improvement over standard insurance industry operations of the last ten years.

Below are some examples of the savings that Association Member Companies are seeing throughout the state:

- Transportation Company – 19 employees - **\$38,000 in annual savings**
- Electrical Company – 32 employees - **\$27,500 in annual savings**
- General Contractor – 70 employees - **\$68,000 in annual savings**
- Flooring Company – 12 employees - **\$19,000 in annual savings**

The program has been saving 20% on average compared to current premiums for Member Companies. We can generate firm rates for your company with just a census of your employees in most cases.

***Please register for this event by requesting a zoom link and sending registration information in below.*** We encourage you to invite other companies to the webinar as well. If they are not a current member, they can still join the association and have access to the program.

Brian Stevenson, with The Stevenson Group, has put this program together for the Association and works with select Insurance Member Agencies to sell the program as well.
