

ONLINE SUMMER CAMP

(14 – 18 YEARS OLD)

www.uwl.ac.uk/summer-camp

We may have to stay at home this summer, but that doesn't mean we have to keep our creativity and curiosity locked up. Our online Summer Camp for teenagers aged 14-18 years old offers a wide range of challenging & exciting online activities.

We offer this series of computing and design courses for those who are interested with creative ideas but want to expand their knowledge and apply their skills to some bigger challenges.

By the end of these courses, you will have built an impressive portfolio of projects, using professional tools to explore your potential and possibilities! **Join us Now!**

Each individual course price: £225

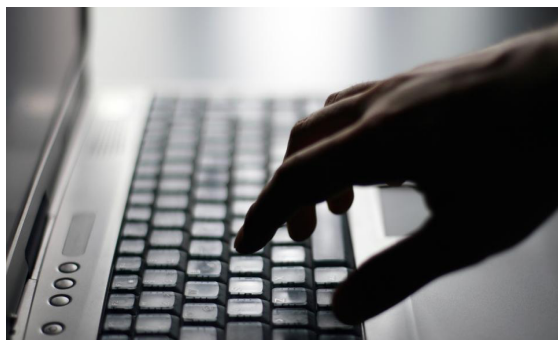

Four courses together: £850 (with £50 discount)

Computing Courses

Python Programming	27 – 31 July
Data Science	03 – 07 August
