### ***What is the SAIL program?***

SAIL originated at the Washington State department of Health. It is a fitness program for seniors to prevent falls. The # 1 cause of accidental falls is muscle weakness and lack of balance. The SAIL program addresses both with gentle aerobics, balance exercises, light weight lifting and stretching. The class is set to upbeat music to be fun and keep your body moving.

### ***How long is the class?***

The class is twice a week for 1 hour at a time. The course length is 7 weeks total with 6 weeks of exercise. We perform 2 fitness checks, one to assess baseline and one to assess progress .

### ***Do I have to come to every class?***

The most benefit comes from consistency. If you sign up for the class, plan to attend them all. There is limited seating and a waitlist.

### ***What if I don't feel fit enough to do an exercise class?***

An even better reason to come! This class is ideal for beginners and those looking to improve their health with activity. The aerobics and weight lifting portions can all be done seated.

### ***I have more questions, who can I ask?***
