

## ON THIS DAY...

### Villanova wins NCAA basketball title in stunning upset

On April 1, 1985, in one of the most [shocking upsets](#) in college basketball history, Villanova beats heavily favored, Patrick Ewing-led Georgetown, 66-64, to win the NCAA basketball title. The Wildcats, led by Dwayne McClain's 17 points, execute a perfect game plan and shoot 79 percent from the field in the win.

Georgetown, the No. 1 overall seed in the tournament, came into the game with a 35-2 record. The Hoyas had five future NBA players. Ewing, a 7-foot center and one of the most decorated college basketball players, was a senior and looking to cap his storied career with back-to-back national championships.

Villanova, which entered the tournament with a 19-10 record, won its first three tournament games by a combined nine points. The Wildcats had three future NBA players, led by senior forward Ed Pinckney, but they had lost twice to the Hoyas during the season. The title game was expected to be no different. But as Jere Longman of *The Philadelphia Inquirer* wrote, "Midnight never came for Cinderella."

Before the game, Villanova coach Rollie Massimino said his team would need a perfect game to win. The Wildcats shot 22-for-28 from the field, including nine of 10 in the second half, and 22-for-27 from the free throw line. P.J. Carlesimo, the coach of rival Seton Hall at the time, later [said it was](#) "as close to the perfect game as any team [has played] ever."

In addition to the incredibly efficient shooting, Villanova played excellent defense and deployed a wonderful game plan that got Ewing into foul trouble. The Wildcats also slowed the game. At the time, the NCAA did not have a shot clock—it added a 45-second clock for the 1985-86 season.

Ewing, who finished with 14 points, has lamented how his college career ended. "We made a mistake, turned the ball over, and the better team did not win the game," he said years afterward. "I said it then, and I'll say it now."

## JOKE OF THE WEEK!

One day a man ran into an old friend and asked him if he was still dating the same girl. "No" Replied the friend. "She wasn't the brightest bulb in the chandelier. Just the other day she decided to ride a horse for the first time. Without any instruction she hopped on and took off at full gallop. Everything was fine for a minute until she started losing her grip and began sliding down the side of the horse. She started grasping desperately at the reigns and the horse's mane. The horse kept it's pace up as she bounced up and down on the ground with the horse's hooves pounding away inches from her head. The horse might have killed her if it were not for an alert Wal-mart greeter who ran over and unplugged the thing!"

## **MARCH EMPLOYEE OF THE MONTH**

John Letman is our March Employee of the Month. John was hired by the Association on April 7, 2023. He has been a great employee and has been a pleasure to work with since day one. He has a congenial attitude, a wonderful work ethic and has strong electrical skills. John also has a skill set that is well rounded in general maintenance. When John is finished with a project it is 100% complete. He actively seeks to help fellow coworkers. He has shown excellent work behavior in every aspect of his job.

John, we appreciate you and congratulations on employee of the month!

## 2024 EMPLOYEE OF THE YEAR

Esteban Figueroa, the Foreman at Cottonwood Golf Maintenance, has done a great job of communicating the daily goals for the team. He is pleasant, very calm and manages the team with a mature attitude. In the past year, Esteban learned a new complex irrigation control operating system. The sprinkler and satellite controller project at Cottonwood taught Esteban a new skill in computer language.

Esteban developed new overseeding programs for both CW Golf Course and the Common Areas to include the 5-Lakes, Swan Lake etc. He worked additional hours adjusting run-times up-n-down, rewriting programs to ensure the field station data matches the computer programs by verifying the satellite identifications from the field matched central irrigation control system. There were several problematic days getting the field satellite controllers to correctly 'talk' to each other, such as, he changed out several irrigation nozzles to ensure we weren't overapplying water to unwanted areas.

Lastly, Esteban has worked tirelessly through obstacles of balancing the lake levels throughout the property. Esteban developed programs to manage irrigation usage against water deliveries for lake levels while working within the budgeted annual allotment from Pima / ADWR.

Thank you, Esteban, for being awesome! Congratulations on the well-deserved honor as our 2024 Employee of the Year!

Please remember the SPEED LIMIT in Cottonwood and Palo Verde is a maximum of **25 MPH**. Why? Because we have walkers, pets, bikers and golf carts on our roads and we all want to be safe.

Some of us still work, so we must be somewhere on a schedule. Or, thank goodness, some of us are involved in our community by serving on committees or belonging to one of our fine recreation clubs. Again, we are on a set schedule. But guess what? The speed limit is still **25 MPH!**

Please pay attention to your surroundings when driving on our streets. Please pay attention to the road signs when driving on our streets. Please use your turn signals when driving on our streets. **AND – PLEASE WATCH YOUR SPEEDOMETER WHEN DRIVING ON OUR STREETS! THANK YOU!**

## PET OWNERS

When you are out walking your pet and enjoying the Cottonwood Palo Verde surroundings, please don't be one of the inconsiderate pet owners who does not pick up after their pet. This failure forces the rest of us who wish to enjoy the same surroundings to tip toe around the mess created by you and your pet. **PLEASE** pick up after your pet at all times.

Pets must be on a leash at all times and don't walk your pets next to the greenbelt fence line. Walk them next to the walking path.

CHAPTER 6-03 SECTION II of the Sun Lakes HOA #2 Policy Manual defines all the rules and fines for pet violations.

The Homeowner Handbook states: No homeowner shall permit his or her dog, cat or other animal to create unsanitary conditions anywhere on common properties.

Please be accountable for you and your pet.

## BIKING AND WALKING SAFETY

Each year in the U.S., more than 65,000 pedestrians are injured and about 5,000 are killed by cars. This hasn't yet happened in our community. We want to do all that we can to prevent such accidents. We don't have sidewalks, so a few precautions for walkers and bikers are important, especially this time of year when more walkers are out and visitors are in town.

- **Walk facing traffic.** Do all that you can to be seen by drivers. Wear light colored clothing and something reflective. In the dark, carry and wave a flashlight as you walk. Try to make eye contact with oncoming drivers. If walking your dog, keep your pet on a short leash, wearing a reflective collar or leash. Most importantly, walk facing traffic, close to the curb, NOT in the automobile traffic lane.
- **Bike with traffic.** At night, be sure your bike has a light and reflectors, especially on the back. Wear light colored clothing. Be extra aware of traffic approaching you from behind. Install a mirror. Bike close to the curb, NOT in the automobile traffic lane.

Be sure to have identification with you and carry your cell phone. **DRIVERS**, please be extra alert during the dark hours and drive SLOWLY.
