Objectives - Upon completion of the professional learning community (PLC), participants will be able to:

1. identify three instructional strategies that support academic growth for students who are deaf or hard of hearing (D/HH).
2. identify a minimum of four resources within the state of Florida that can provide ongoing support and technical assistance as they continue to develop their skills in the field of deaf and hard of hearing education.
3. evaluate their current instructional practices to identify areas in which they can incorporate new methods of instruction and implementation of evidenced-based curricula, interventions, and strategies to support students who are D/HH.
