

## Pediatric + Perinatal Behavioral Health Webinar Series

# MC3 Monthly Pediatric and Perinatal Educational Presentations and Case Discussion (2023)

CMEs Available | There is no fee to attend this activity

**3rd Wednesday, Monthly | 12-1 p.m. ET**

**Registration info will be sent twice a month**

**Description:** The MC3 Program is offering monthly educational webinars on behavioral health topics for primary care and OB/GYN providers. All MC3 enrolled providers from around the state of Michigan are invited to join us the third Wednesday of each month at noon for a one hour learning opportunity. The session includes a 45 minute lecture on topics related to pediatric and perinatal behavioral health followed by 15 minutes of open case consultation and Q & A. During the educational sessions learners will gain skills needed to identify, triage and treat behavioral health concerns in patients in the primary care setting.

**Expected Results:** After completing this activity participants will be able to determine the mental health needs of their patients and offer the appropriate evidence based treatments to their patients.

**Educational Planner:** Sheila Marcus, M.D. | University of Michigan, Department of Psychiatry

**Financial Disclosure Information:** There are no relevant financial relationships with ACCME-defined commercial interests to disclose for this activity. **Accreditation and Credit Designation:** The University of Michigan Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The University of Michigan Medical School designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
