

MC3 ECHO: BEHAVIORAL HEALTH - AUTISM

WHAT

Web-based, tele-mentoring training that combines a brief didactic presentation with interactive case-based presentations.

Project ECHO® (Extension for Community Health Outcomes) leverages video conference technology to connect subject matter experts with primary care teams in local communities, fostering an “all teach, all learn” approach. Learn more on our website: [MC3 ECHO: Behavioral Health](#).

- There is no fee to attend this activity
- CMEs & CEUs available
