

Cyber Security Workshop

Wednesday, December 13th, 10:00am-Noon

Avalon Community Hall, 3001 Avalon Ave, Avalon NJ 08202

Presenters: New Jersey Office of Homeland Security, NJCCIC Unit
Cape May County Prosecutor's Office/Cyber Unit
Cape May County Management Information Services

Workshop Description: *This workshop will provide an understanding and awareness of modern cybersecurity threats and their potential impact on individuals and organizations. The presenters will provide attendees with an understanding and awareness of today's cybersecurity risk environment along with an overview of the vulnerabilities, threats, and impacts of various cybersecurity issues. The presenters will also discuss the role of the NJCCIC and provide an overview of the best practices designed to mitigate and manage risk, with a focus on ransomware, one of today's most prevalent and destructive cyber threats. A Q & A session with attendees will conclude the presentation.*

****Kindly let us know how many people from your office will attend the workshop. RSVP no later than December 11th, 2017 by calling our office at (609) 463-6570. Thank you.**
