

CELEBRATE OUR LATEST SUCCESS STORY THAT YOU HELPED MAKE POSSIBLE!

Celeste was born on November 20, 2001. She was referred by the Nicaraguan Ministry of Family, and joined El Ayudante at age 8.

Mission teams built her a home in a nearby neighborhood where she lives with her mother Reyna and brother Armando.

This year, Celeste earned a 5-year college bachelor's degree in Educational Sciences with a focus on Language & Literature from

the National University of Nicaragua in León. She earned a perfect 100% on her thesis oral defense. A top student throughout her life, she is now ready to inspire others as a teacher.

Celebrate Celeste, our fourth student to Graduate with a 5-year degree from college.

She couldn't have done it without you and the support from her EA Teachers and Staff. She has always been one of the best students at El Ayudante and near the top of her class in school. Now, she is substitute teaching, while looking for a full-time job. We know she will be an amazing teacher! Your support helped her dreams come true!

DID YOU KNOW?

The Date for **Night of Prayer** is set:

January 28, 7:00 CST

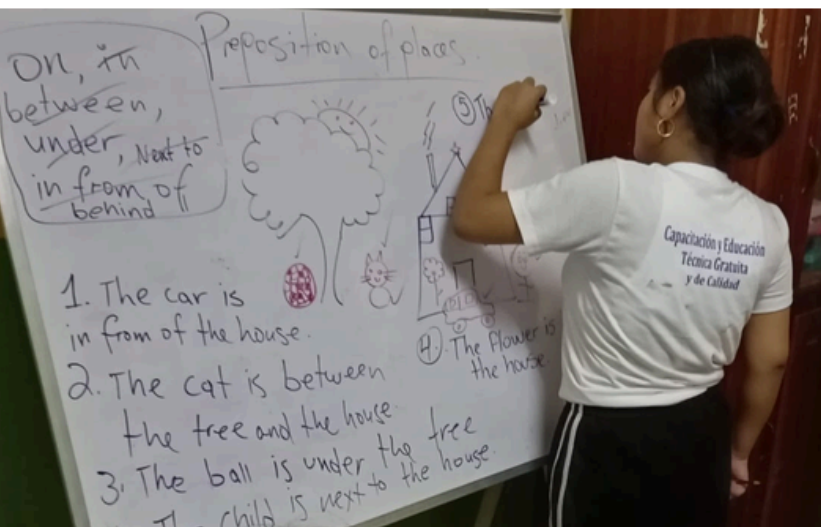

We know the wait is long! We're using this extra time to make the event more engaging and interactive by organizing watch parties nationwide and providing hosts with event materials, possibly even snacks! We look forward to connecting with you, our EA family. If you're interested in hosting an event at your church or home, contact us at info@eanicaragua.com

Public school students in León are required to study English

Many students struggle because they lack support at home. That's where you come in: your support funds Teacher Eyner's tutoring, helping our children succeed in class. This would not be possible without you.

Video calls with the children are underway, and they're eager to connect with you. Sign up for a translator-assisted video call to get to know your child and build a life-changing relationship together.

Meet last semester's

TOP 5 STUDENTS

We're proud of all our children. With your support and guidance from their teachers, these five students studied hard, and each earned grades above 90%.

Will You help these children achieve their dreams, just like Celeste?
