###

The West Virginia Bankers Association, founded in 1891 and headquartered in Charleston, represents the state's financial institutions and their employees. The Association provides continuing education, develops and monitors state and federal legislative agendas, distributes information on all components of the financial industry, and promotes the public image of West Virginia's banking industry. The mission of WVBankers is to represent and support its members, enabling them to provide a full range of quality financial products and services to benefit the communities they serve.
