Cold & Flu Season is Coming!

Millions of Americans are expected to get sick with cold or flu this year. What causes cold & flu? Germs. These germs can travel through your office via dirty hands, surfaces and even through the air. And flu viruses can survive on surfaces for 48 hours—long enough for you and your co-workers to catch them.

Your Office Can't Afford to Get Sick

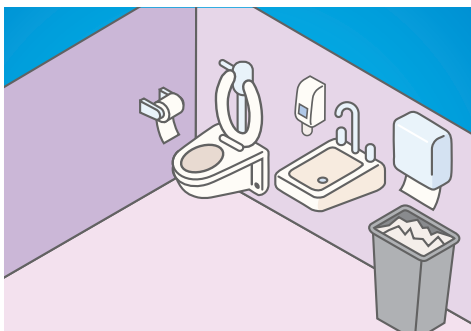

111 million

workdays lost each year to flu

\$7 billion

per year in sick days and lost productivity¹

GERM HOTSPOTS IN THE OFFICE

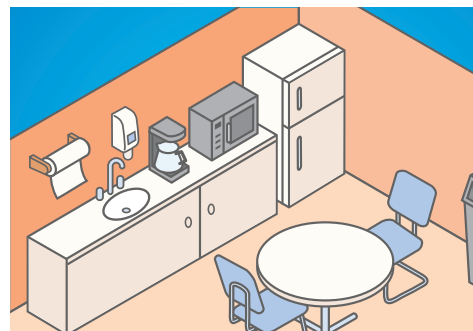

Bathrooms

Toilet, Sink faucet handles,
Doorknobs

Workspaces

Doorknobs, Phones, Computer
keyboard/mouse

Breakrooms

Tables, Sink faucet handles,
Appliance handles

Avoid the Spread of Germs in Your Office

Frequently disinfecting surfaces, sanitizing hands and covering sneezes, and providing touchless dispensing solutions can help reduce the spread of cold and flu viruses in your office.
