

# Parade of Homes to sponsor a charitable build for Jefferson Joining Forces

Date: Tuesday, June 27 @ 8:00am

Location: Mallard Drive, Gretna

An unintended consequence of Jefferson Parish's beautification mission is that elderly, disabled and/or low-income residents are cited for code violations for which they don't have the means to fix. Those people are precisely the ones that NOEL's program, Jefferson Joining Forces (JJF), aims to help.

Mr. Melton, a 90 year old widower who has lived in his Gretna home for over 30 years, was cited by code for damaged gutters. When NOEL visited his home, they realized that Mr. Melton could use a lot more help around his house. The grant funding JJF only covers issues cited, so the Parade of Homes committee has decided to step in to assist with other fixes to the house.
