This resource features useful information for PSN partners regarding the history of the PSN program, fundamentals of a successful PSN strategy and team, and opportunities for TTA support. The Blueprint contains four major parts:

- **PSN Introduction and History:** *Since its launch in 2002, PSN has focused on evidence-based violence reduction initiatives to address crime. Further, researchers have evaluated the impacts of the program.*
- **Building a Strong PSN Initiative:** *PSN team members are encouraged to be involved in the creation and assessment of a strategic plan and throughout the PSN engagement.*
- **The PSN Team:** *PSN builds upon a number of strategic partnerships. PSN leaders should consider how to structure a PSN team and the frequency of meetings that will occur for planning and decision-making.*
- **Training and Technical Assistance:** *BJA supports PSN teams through a robust TTA program, by providing no-cost assistance on a wide variety of topics related to the five design elements.*

Along with providing a roadmap to the PSN initiative, the Blueprint also shares tips for success and stories from PSN sites.
