

TOUGH KIDS:

Responding to Challenging Behaviors

Managing challenging student behaviors requires an understanding of behavior, its function, and its influences. This course is designed to explore practical, evidence-based, educator-centric strategies that pair with specific functions and behavior influence principles.

Presenter: Tricia McKale Skyles, *Safe & Civil Schools*

Participants will:

1. Understand basic principles of behavior modification
2. Analyze strategies to mitigate challenging behaviors
3. Create and implement strategies to mitigate challenging behaviors

Jamestown

Tuesday, June 4th
8:30-3:30pm

Jamestown Middle School
