The NESC recognizes needs across our region and North Dakota and is ready to support you through NESC ConnectEd. Schools are looking for creative ways to support learners and instructional staff involved in extended day programs. Flexibility is key as considerations need to be made for connections through in-person, hybrid and virtual learning environments. NESC ConnectEd offers assistance with lesson resources, instructional modeling, professional learning, and after-school program facilitation.

What is it?

NESC ConnectEd lessons are offered live through Zoom Mondays, Tuesdays and Thursdays from 3:45-4:15 PM CST. Each session is designed for the K-2, 3-5 or 6-8 grade span. If you can't connect with us live, you can access the archived lesson recordings or facilitator materials for use at a different time.
