

## Pavement Temperature

With The Hot Days Ahead We Wanted To Put Out A Reminder About Vehicle And Pavement Temperature. We Would Encourage Those That Have To Walk Their Pets Outside To Do So In The Early Morning Or Evening. After The Sun Has Set. The General Rule Of Thumb To Test For Pavement Temperature Is To Place The Back Of Your Hand On The Ground. If You Are Unable To Keep It There For Longer Then 7 Seconds Then It Is Too Hot To Walk Your Pet.

## Backyard Bash Sponsors Wanted

We are still looking for more vendors for the 3rd Annual Backyard Bash! You can find our application here: <https://newmarketrec.org/backyardbash/>

If you have any questions or want to submit an application, please call the Rec at 603-659-8581 or email us at [reception@newmarketnh.gov](mailto:reception@newmarketnh.gov)

## Newmarket Environmental Services Department

CCR's / Water Quality Reports provide you with important information about the quality of your drinking water. They are now available online at [www.newmarketnh.gov](http://www.newmarketnh.gov) on the water and wastewater page. Request a hard copy from: [slandale@newmarketnh.gov](mailto:slandale@newmarketnh.gov) or pick one up at 8 Young Lane between the hours of 8am – 3pm
