Great Bay Sirens Tryouts

LAST CALL for interested [Newmarket Girls Softball](#) players who might be interested in the [Great Bay Sirens Softball Club](#). The Sirens program is designed to be a developmental program for players who want to play more ball and want to improve their skills. Newmarket players have first priority in the program and we will round out team numbers with players from outside of town. I would really like to put out a 10U team along with the 12U team we already have, mostly, put together. I will be posting tryout notices this week (or so) and want to make sure that we are prioritizing Newmarket players FIRST then filling rosters with others as needed. Let me know if there is any interest out there.
