

NFFV Members, please flood Attorney General Doug Peterson -- asking him for full investigation of SBOE & NDE emails!

BACKGROUND:

On Sunday, 10-10-21, the Omaha World Herald published the article, ‘Exploring a process riven with discord’. On Monday, 10-11-21, the Washington Free Beacon published the article, ‘DOCS: Nebraska Agency Secretly Tapped Planned Parenthood Ally to Shape Radical Sex ed Curriculum’. The contents of these articles contain specific examples from Public Record’s Requests showing deceit, dishonesty, manipulation, pressure tactics, abuse of authority, abuse of power, and intentional manipulation by one State Board of Ed (SBOE) Member toward certain Nebraska Department of Education (NDE) employees and their customers --- the parents with children who are students in public schools across the entire state of Nebraska. These Records Requests also revealed that there are some inside the NDE who were more than happy to assist the manipulation and others who were unwilling or unable to see that it needed to be stopped. In a nutshell, SBOE Member Deborah Neary of District 8 (which includes much of Douglas County) abused her authority in an effort to inject radical sexual grooming into the entire state’s K-12 education process, and no one lifted a finger to slow her down.

ACTION PLAN:

Attorney General Doug Petersen can be reached at 402-471-2683 or ago.info.help@nebraska.gov

You must immediately contact Attorney General Doug Petersen in record numbers and ask him to start a full-scale investigation on Deborah Neary, the NDE, and the other educational entities in Nebraska implicated in this such as the Nebraska Teachers Union officially named the Nebraska State Teachers Association (NSEA), using the FOIA-acquired emails provided by the Protect Nebraska Children Coalition as a starting point of his investigation.

Emails or phone calls to Attorney General Petersen should concentrate on ONE of these talking points, plus adding some of your own perspectives, beliefs, or concerns about the dishonesty and deceit of Deborah Neary, the NDE, and the NSEA in communicating with parents and taxpayers.

It is time for Nebraska parents -- whose children attend public schools – to stand up for the truth, battle against falsehoods and the wrongdoings of the SBOE & NDE and eradicate this deceit from the institution which wields more power and authority over our children than any other institution in the world right now, the educational
