

HIGHLANDS ELEMENTARY SCHOOL

MR. DANIEL LAYTON . PRINCIPAL

October 13, 2020

Dear Highlands School Community:

I wanted to take this opportunity to thank you everyone for a great job with supporting their child(ren) with both in-person and virtual instruction. As a school community, we are very proud of our students, their families and our staff for assimilating to this hybrid form of education.

Given the pandemic situation surrounding us, I just wanted to update everyone on some important information regarding the district's decision this school year until further notice about classroom celebrations and the upcoming Halloween holiday.

- For the safety and well-being of our students and staff, we will not be allowing parents/guardians to send in goodie bags or snacks to celebrate birthdays or holidays at school. This is for all students in grades PK-6. Please know that the school will recognize your child's birthday over the loudspeaker in the morning during morning announcements.
- This year's Halloween parade is cancelled. Your child(ren) may still come to school on Friday, October 30th already dressed in their costume. Please note that appropriate footwear is required, and an appropriate face covering to protect us against the spread of COVID-19 is also required. No costume masks or inappropriate costume accessories are permitted. Inappropriate is defined as any accessory that may be utilized or replicates as a weapon.

Sincerely,

Mr. Layton
