

We are Beyond Racing

November Highlights

What a month for Beyond Racing! Our riders continue to prove that being a great athlete goes far beyond the bike. In addition to showing up to regular practices with their trademark grit, energy, and eagerness to improve, the team took part in a number of outstanding activities that showcased their commitment to leadership, community, and cycling culture.

✓ CPR & First Aid Certification

Riders completed CPR and first aid training this month. This was a huge accomplishment and an important step in building confidence, safety skills, and responsibility, both on and off the bike. We're proud of our riders for taking this seriously and stepping up to learn skills that could one day save a life.

✓ Velodrome Ribbon Cutting

Beyond Racing had the chance to be part of local cycling history by attending the ribbon cutting of Tucson's brand-new velodrome. The team soaked up the excitement, explored the track, and got inspired by what this new space will mean for the growth of cycling in our community.

✓ Tucson Bike Swap Outreach

At the ever-lively Tucson Bike Swap, our athletes represented the team with enthusiasm, sharing baked good and talking to the public about who we are, what we do, and the opportunities Beyond Racing provides for young cyclists. Their confidence and professionalism made a big impression!

✓ Volunteering at the Tour de Tucson 5K & Kids Fun Ride

Giving back is part of our team culture, and our riders did just that by volunteering at the Tour de Tucson 5K Run and Kids Fun ride. Whether cheering on participants, or sharing their love of biking with younger kids, they brought the Beyond Racing spirit to the event in a big way.

Coach's Corner

Ignacio....

I am very eager to ensure that we continue to build a team around values of trust, kindness and support.

When our teammates enter the clubhouse let's make sure to acknowledge everyone and say hello and check in with them.

Let's take our ear buds out and be present on site and available for everyone.

Let's cheer each other on during the cross training sessions and be supportive.

When we see our teammates at school, let's be kind to them.

If we are on a ride and a teammate needs help, let's be there and available. Maybe by giving them a wheel, maybe by cheering them on, or maybe just riding with them.

Let's remember to talk to each other the way that we want to be talked to.

This is our team and our family and let's do everything we can to make it supportive and healthy.

If we can build it now, then when we start to go to events we will have our culture locked in and we will be available to support each other.

The more support we have and feel will directly translate into positive vibes and thus goals met.

I am asking us all to be great teammates, because it will make you a better person, and that is the goal of all of this.

We are **BEYOND RACING**

November was a busy month!
Bike Swap, CPR,
Velodrome
Grand Opening,
El Tour 5k and
Kids Ride

We are **BEYOND RACING**

Giving Tuesday is Tomorrow!

Mark your calendars - **Tuesday, December 2nd** is the International "Giving Tuesday" - global day of giving that makes a HUGE impact.

Beyond Racing is growing fast and so is the need for safe, reliable transportation to practices, races, and out-of-state events. This Giving Tuesday, your support will help us purchase a 2nd dedicated team van, ensuring every rider can show up ready to compete, learn, and thrive. Together, we can keep our youth rolling toward opportunity.

A new team van will help us:

- **Ensure** safe, consistent transportation for all team members
- **Support** families who may not have the means to travel long distances
- **Build** team unity by keeping riders together on the road
- **Expand** our reach and attend more out-of-state races and development opportunities
- **Create** lasting memories that come from shared travel and adventures
- **Provide** the ability to extend our programming to get first time riders out to trailheads

We have an incredible donor who has pledged \$15K matching funds to get us this much needed 2nd (and newer) van - which means your donation on Giving Tuesday will be doubled!

Share with family and friends who can give a few dollars in support.

And our donation platform is matching 1% of all donations received on that day! Thank you for helping us all go BEYOND!

MARK YOUR CALENDARS

December 13: Holiday Potluck and White Elephant

December 21-23: Winter Mountain Bike Camp

December 26 - January 2: Winter Road Camp

January 4: Kickball World Championship - Riders vs Coaches/Parents

January 10: MBAA #1

January 21: Jersey Reveal (Tentative Date)

January 24: MBAA #2

January 25: McDowell

2026 Season Registration

The registration process will look a little different for the 2026 season, but we're working to make it as simple and convenient as possible. This year, you will register for the season and select and pay for the races your rider plans to attend all at once, during the January-February registration window.

Please note:

- You must register for the season and pay for your rider's races by the registration deadline.
- Riders who are not registered and paid by the deadline will not be entered into races, and families will be responsible for paying full price, rather than the discounted team rate.

Registering early and on time is extremely important. It allows us to plan effectively for transportation, bike hauling, lodging, and other logistics, work that has already begun behind the scenes. Your timely registration helps ensure a smooth and successful season for everyone.
