

Information from the Parkview Curriculum Office Regarding the Rising 9th Grade Curriculum Nights & 2023/24 Course Registration

Parkview is gearing up for course registration for the 2023/24 school year and we are excited about the 8th graders becoming Parkview Panthers in a few months. The Parkview Curriculum Office wanted to share some important information with you about our Rising 9th Grade Curriculum Nights and upcoming 2023/24 course registration.

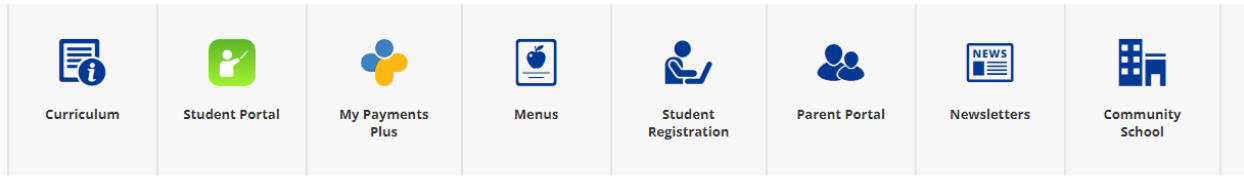

Course Registration for the 2023/24 school year will be conducted January 30th through February 14th. Your student's homeroom teacher will be working with your student through the registration process. You and your student may begin looking at registration information on the Registration Hub of the Parkview website (www.Parkview.net). There is a special section for Rising 9th Graders. This hub contains information about our courses and electives as well as videos so students can start thinking about what they want to take during their freshmen year.

Rising 9th Grade 2023-24 Course Registration

Click on the Course Registration Information Bar to enter the Registration Hub.

Once in the Hub, click on the Rising 9th Grade 2023/24 Course Registration Link for all course registration information.

The Rising 9th Grade Curriculum Nights will be held at Parkview High School on two different nights to keep our session numbers more manageable.

- Students with last name **A-L**, should attend on Tuesday, February 7th from 6:30—8:30 pm.
- Students with last name **M-Z**, should attend on Thursday, February 9th from 6:30—8:30 pm.

All Trickum 8th grade students were mailed a letter with attachments at their home mailing address about this important event. We hope that all students and parents will join us on their assigned night to gain some valuable information about Parkview courses and registration. The evening will begin at 6:00 pm with specialty meetings for students currently in the gifted program, for students with an Individualized Education Plan, 504 Plan, and current ELL Students. At 6:30, we ask that students and parents attend their first session based on the student's last name. During the evening, students and parents will rotate through 6 sessions where they will hear important information about course placement in Language Arts, Math, Science, Social Studies, and Foreign Language. During the elective/extracurricular session, students and parents will gain information on the many elective offerings at Parkview and find an extracurricular activity the student would like to join in the Fall. We hope to see you and your student at the assigned Rising 9th Grade Night. We look forward to working with students as they transition to the Big Orange Jungle for their freshman year. Go Panthers!!
