

Surgery Scheduled

During my college years, I was involved in a very serious car accident. Without going into detail which is not needed, one of the injuries was a crushed right knee. Finally after many years, that joint will be replaced on June 3. Staff is prepared for the surgery and recovery period, and after a period of time, I will return to the online environment as soon as possible. A friend of mine has flown in to be of assistance for which I am grateful. I would appreciate prayers as I prepare for the surgery with irritating daily exercises several times a day and certainly for the surgery's success and recovery period. Blessings and thanks.
