

Micah Ministry: Zoom Launch Meeting, October 24th, 11:00 a.m. – 12:30 p.m.

Through the Micah Ministry and in collaboration with the Dismantling Racism Ministry, St. Mark's is joining with other congregations and non-profits to address root causes of injustice, inequality, and racism. When the pandemic began, we and other members of these organizations had conversations with 500 people from the Grand Rapids community, asking what was concerning them. We took the top four responses (workplace safety, drivers licenses, education, and racial disparities in health care) and held a series of discussions via Zoom with Representatives Rachel Hood and Tommy Brann, Senator Winnie Brinks, and County Commissioners James Talen and Robert Womack.

On October 24th, St. Mark's, one of the lead churches in this organizing effort, will be part of taking the next step in launching this initiative. For more information, contact Deacon Jan at jangoc@umich.org or Catherine Frerichs at frerichses@gmail.com.
