

Need an Epsten, APC attorney to attend your next Board Meeting?

Our Epsten, APC attorneys are able to attend board meetings via Zoom video conferencing as a cost-effective, germ-free meeting option upon request.

How Does It Work?

- eMeetings via [Zoom Video Conferencing](#) require:
 - a computer, laptop, tablet -or- smartphone and,
 - a high-speed internet connection(Note: a video camera is recommended, but not required)
- Our Epsten, APC offices have equipped conference rooms to allow our attorneys to attend board meetings via video conference using Zoom or virtually any other internet based video conferencing software.
- For clients who do not have a video conferencing account, our firm can host an attorney-attended meeting upon request using our Epsten, APC Zoom account.

Please note: 72-hours advance notice is requested, scheduling is subject to availability and limitations may apply.

When using a Zoom provided phone number for audio, you may be subject to fees from your phone carrier.

New to Video Conferencing?

- Please consult with your Board of Directors and management company to discuss if eMeetings via Video Conference are an option for your community. Although our firm uses Zoom for our video conferencing, we are not able to endorse Zoom or any other provider.
- Several companies offer Video Conferencing software options with plans and pricing for communities of all sizes.
- Unfortunately, our firm is unable to host meetings that we do not attend and we are unable to provide technical assistance of any kind.
