### Student Testimonials

*"[Fisdap] made me more confident when taking the certification exam. I found it most helpful that Fisdap was able to take my final practice score and show the likelihood that I would pass the NREMT on the first try. In addition, I was able to see what sections I needed to study more on."*

*"Fisdap was an excellent resource for the certification exam! I was able to pass the exam on the first attempt and continue the study techniques in post-certificate training."*

*"The adaptive nature of [Fisdap] questions matched that of the actual test, so that preparation was excellent."*

*"Fisdap is excellent and I love it. Wouldn't have been able to pass my certification without Fisdap."*

### Conclusions

- The vast majority of students found Fisdap to be a helpful learning tool
- Students who use Fisdap have a higher likelihood of passing their certification exam

\* The survey was sent to 34,906 students, which corresponds to a responds rate of 3.1%.
