APPENDIX - E

ZERO TOLERANCE POLICY AGAINST ABUSE

The league is committed to providing a safe environment for its members and participants, and to preventing abusive conduct in any form. Every member of this organization is responsible for protecting our participants and ensuring their safety and wellbeing while involved in sponsored activities.

To this end, we have established the following guidelines of behavior and procedures for our staff, volunteers and participants. All members of this organization, as well as parents, spectators and other invitees are expected to observe and adhere to these guidelines.

1. Abuse of any kind is not permitted within our organization. This means we do not tolerate physical, sexual, emotional or verbal abuse or misconduct from our players, coaches, officials, volunteers, parents or spectators.
2. Physical and sexual abuse, including, but not limited to, striking, hitting, kicking, biting, indecent or wanton gesturing, lewd remarks, indecent exposure, unwanted physical contact, any form of sexual contact or inappropriate touching, are strictly prohibited within our organization.
3. Emotional abuse or verbal abuse is also prohibited. These include but are not limited to such forms of abuse as: yelling, insulting, threatening, mocking, demeaning behavior, or making abusive statements in regard to a person's race, gender, religion, nationality/ethnicity, sex or age.
4. We are committed to providing a safe environment for our players, participants and staff. We do so by appointing all coaches, officials and volunteers – and anyone else affiliated with our organization – as protection advocates. Every member of this organization is responsible for reporting any cases of questionable conduct or alleged mistreatment toward our members by any coach, official, volunteer, player, parent, sibling or spectator.
5. Buddy System: We recommend that every activity sponsored by our program put a Buddy System in place. Each youth participant should be assigned a buddy during sponsored activities. No child should go anywhere – to the bathrooms, locker rooms, or other location – without his or her buddy.
6. To further protect our youth participants, as well as our coaches, officials and volunteers, we strongly advise that no adult person allow him/herself to be alone with a child or with any group of children during sponsored activities. In particular, we recommend that coach or other adult members of this organization:
 - a. Do not drive alone with a child participant in the car
 - b. Do not take a child alone to the locker room, bathrooms or any other private room
 - c. Provide one-on-one training or individual coaching with the assistance of another adult or the child's Buddy
 - d. If you must have a private conversation with a youth participant, do it within view of others, in the gym or on the field, instead of in a private office
 - e. Coaches and other adult members of this organization should not socialize individually with the participants outside of sponsored activities

- f. Supervision/Chaperone ratio: We recommend that for any sponsored activity, the ratio of adults to youth participants be 1:8 – one (or more) adults for every eight children, with a minimum of two adults for every activity.

When traveling overnight with youth participants, children should be paired up with other children of same gender and similar age group, with chaperones in separate but nearby rooms.

We want to empower our children to trust their feelings and let them know that their concerns, fears and hopes are important by listening to them. Open communication between children and parents, or between children and other adults in the organization may help early warning signs of abuse to surface.

We encourage parents to become as active as possible in sponsored activities, games, practices and other events. The more the parents are involved, the less likely it is for abusive situations to develop.

We will respond quickly to any and all allegations of abuse within this organization. This information will be communicated to the authorities for investigation and will be reviewed by the organization's directors. The alleged offender will be notified of such allegations promptly.

Any person accused of sexual or physical abuse may be asked to resign voluntarily or may be suspended by the board until the matter is resolved. Regardless of criminal or civil guilt in the alleged abuse, the continued presence of the person could be detrimental to the reputation of the organization and could be harmful to the participants.

A person who is accused but later cleared of charges, may apply to be reinstated within the organization. Reinstatement is not a right, and no guarantee is made that he or she will be reinstated to his/her former position.

We promote good sportsmanship throughout the organization and encourage qualities of mutual respect, courtesy and tolerance in all participants, coaches, officials and volunteers. We advocate building strong self-images among the youth participants. Children with a strong self-image may be less likely targets for abuse; similarly, they may be less likely to abuse or bully others around them.

In furtherance of this goal, NMYAFL aspires to engage members of the New Mexico Young America Football League in positive, honest, transparent, and knowledgeable dialogue about NMYAFL through social media. NMYAFL views social media as an important tool for communicating its successes and opportunities for athletic and individual development. NMYAFL also views social media as a platform for receiving constructive feedback from the community and for discussing NMYAFL’s challenges and opportunities for improvement in a positive and constructive way.

Guidelines

All NMYAFL Members shall abide by the following guidelines when using social media:

1. Be positive and respectful, and always take the high road. When disagreeing with others’ opinions, remain appropriate and polite. If you find yourself in a situation online that is becoming antagonistic, ask your NMYAFL District Board of Director or your Coach for advice on how to disengage from the dialogue in a polite and respectful manner that reflects well on NMYAFL.
2. Do not post content that would harm NMYAFL or damage NMYAFL’s reputation. Remember that even while you are on your own personal time, you are a representative of NMYAFL, and people may interpret your online postings or social interactions as though they were official NMYAFL statements.
3. Use good judgment when posting comments on any official NMYAFL sites. Bear in mind that your comments can create liability for NMYAFL. If you are unsure whether a comment is appropriate to post, either do not post it or obtain prior approval from the Board of Directors.
4. Be smart about what you publish. Once something is posted, it exists online forever. Ask yourself, “would I want to see this published in the newspaper or posted on a billboard tomorrow or ten years from now?” If the answer is “no,” do not post.
5. Encourage others to engage in positive interactions on social media. If you are concerned about any NMYAFL Member’s use of social media, please bring your concerns to the attention of your sport coordinator or a member of the NMYAFL Board of Directors.
6. Personally identifiable information (information, such as a name and date of birth and/or a street address which, when taken together, can identify a particular individual) should not be disclosed in any manner on official NMYAFL social networking sites without the approval of the sport coordinator or NMYAFL Board of Directors.

Violations of the Social Media Policy

The NMYAFL Board of Directors shall have the authority to monitor and enforce this Social Media Policy. The NMYAFL Board of Directors, and any individual appointed by the Board of Directors, shall have the authority to remove any inappropriate or offensive comments from official NMYAFL sites and to block any individual or organization from posting on any official NMYAFL social media platform if they determine, in their sole discretion, that such removal or block is in the best interests of NMYAFL.

The failure of any NMYAFL Member to adhere to this Social Media Policy shall be considered a violation of the NMYAFL Code of Conduct, and any NMYAFL Member who fails to adhere to this Social Media Policy shall be subject to disciplinary action, up to and including termination of such individual's involvement in NMYAFL, in accordance with the NMYAFL Disciplinary Procedures.

NMYAFL EMERGENCY ACTION PLAN

How
To Respond

I. CONCUSSIONS

- ❖ A concussion is a type of traumatic brain injury—or TBI—caused by a bump, blow, or jolt to the head or by a hit to the body that causes the head and brain to move rapidly back and forth. This sudden movement can cause the brain to bounce around or twist in the skull, creating chemical changes in the brain and sometimes stretching and damaging brain cells. Symptoms of a Concussion.
- ❖ Concussions can be tricky to diagnose. Though you may have a visible cut or bruise on your head, you can't actually see a concussion. Signs may not appear for days or weeks after the injury. Some symptoms last for just seconds; others may linger. Other symptoms may include:
 - confusion or feeling dazed
 - clumsiness
 - slurred speech
 - nausea or vomiting
 - headache
 - balance problems or dizziness
 - blurred vision
 - sensitivity to light
 - sensitivity to noise
 - sluggishness
 - ringing in ears
 - behavior or personality changes
 - concentration difficulties
 - memory loss
- ❖ If you suspect someone has Concussion and was unconscious facilitate immediate access to professional medical help:
 - Call 9-1-1 as soon as you suspect a person was unconscious from a concussion. Provide the Venue address, cross streets, and patient condition. Remain on the phone with 9-1-1. (Bring your mobile phone to the patient's side, if possible.) Give the exact location and provide the recommended route for ambulances to enter and exit. Facilitate access to the victim for arriving Emergency Medical Service (EMS) personnel.
 - Give the exact location of the emergency. ("Mesa Del Sol Field #____").
 - Assign someone to go to venue entrance to wait for and flag down EMS responders and escort them to the exact location of the patient.
 - Perform "Crowd Control" – directing others away from the area.
- ❖ Immediately contact and inform a NMYAFL league official of the situation.

II. SUDDEN CARDIAC ARREST

- ❖ Sudden cardiac arrest events can vary greatly. If you believe that one of your players, parents or spectators are having a sudden cardiac arrest please understand that **Immediate action is crucial** in order to successfully respond to a cardiac emergency.
- ❖ Follow these steps in responding to a suspected cardiac emergency:
 - Recognize the following signs of sudden cardiac arrest and take action in the event of one or more of the following:
 - The person is not moving, or is unresponsive, or appears to be unconscious.
 - The person is not breathing normally (has irregular breaths, gasping or gurgling, or is not breathing at all).
 - The person appears to be having a seizure or is experiencing convulsion-like activity. (Cardiac arrest victims commonly appear to be having convulsions).
 - *Note:* If the person received a blunt blow to the chest, this can cause cardiac arrest, a condition called commotio cordis. The person may have the signs of cardiac arrest described above and is treated the same.
- ❖ Facilitate immediate access to professional medical help:
 - Call 9-1-1 as soon as you suspect a sudden cardiac arrest. Provide the Venue address, cross streets, and patient condition. Remain on the phone with 9-1-1. (Bring your mobile phone to the patient's side, if possible.) Give the exact location and provide the recommended route for ambulances to enter and exit. Facilitate access to the victim for arriving Emergency Medical Service (EMS) personnel.
 - Give the exact location of the emergency. ("Mesa Del Sol Field #_____").
 - Assign someone to go to venue entrance to wait for and flag down EMS responders and escort them to the exact location of the patient.
 - Perform "Crowd Control" – directing others away from the area.
- ❖ Immediately contact and inform a NMYAFL league official of the situation and request that the venue automated external defibrillator (AED) AED brought over immediately.
- ❖ Begin continuous chest compressions and have someone retrieve the AED.
- ❖ **Starting CPR:**
 - Here's how:
 - Press hard and fast in center of chest. Goal is 100 compressions per minute. (Faster than once per second, but slower than twice per second.)
 - Use 2 hands: The heel of one hand and the other hand on top (or one hand for children under 8 years old), pushing to a depth of 2 inches (or 1/3rd the depth of the chest for children under 8 years old).
 - Follow the 9-1-1 dispatcher's instructions, if provided.
 - Continue CPR until the patient is responsive or a professional responder arrives and takes over.
- ❖ **Use of the venue AED:**
 - When the AED is brought to the patient's side, press the power-on button, and attach the pads to the patient as shown in the diagram on the pads. Then follow the AED's audio and visual instructions. If the person needs to be shocked to restore a normal heart rhythm, the AED will deliver one or more shocks.
 - *Note:* The AED will only deliver shocks if needed; if no shock is needed, no shock will be delivered.

❖ **Transition care to EMS:**

- Transition care to EMS upon arrival so that they can provide advanced life support.

III. HEAT STROKE

- ❖ Heat Stroke results from prolonged exposure to high temperatures - usually in combination with dehydration -- which leads to failure of the body's temperature control system. Heat stroke can kill or cause damage to the brain and other internal organs. Although heat stroke mainly affects people over age 50, it also takes a heavy toll on healthy young athletes.
- ❖ Symptoms of a Heat Stroke
 - The hallmark symptom of heat stroke is a core body temperature above 104 degrees Fahrenheit. But fainting may be the first sign.
 - Other symptoms may include:
 - Throbbing headache
 - Dizziness and light-headedness
 - Lack of sweating despite the heat
 - Red, hot, and dry skin
 - Muscle weakness or cramps
 - Nausea and vomiting
 - Rapid heartbeat, which may be either strong or weak
 - Rapid, shallow breathing
 - Behavioral changes such as confusion, disorientation, or staggering
 - Seizures
 - Unconsciousness
- ❖ If you suspect someone has heat stroke facilitate immediate access to professional medical help:
 - Call 9-1-1 as soon as you suspect a heat stroke. Provide the Venue address, cross streets, and patient condition. Remain on the phone with 9-1-1. (Bring your mobile phone to the patient's side, if possible.) Give the exact location and provide the recommended route for ambulances to enter and exit. Facilitate access to the victim for arriving Emergency Medical Service (EMS) personnel.
 - Give the exact location of the emergency. ("Mesa Del Sol Field #_____").
 - Assign someone to go to venue entrance to wait for and flag down EMS responders and escort them to the exact location of the patient.
 - Perform "Crowd Control" – directing others away from the area.
- ❖ Immediately contact and inform a NMYAFL league official of the situation.
- ❖ Recognize the signs of heat stroke from above and take the following action:
 - Cool First
 - Fan air over the patient while wetting his or her skin with water from a wet cloth
 - Apply ice packs to the patient's armpits, groin, neck, and back. Because these areas are rich with blood vessels close to the skin, cooling them may reduce body temperature.
 - **Do not use ice for older patients, young children, patients with chronic illness, or anyone whose heat stroke occurred without vigorous exercise. Doing so can be dangerous.**
 - Transport second - transition care to EMS:
 - Transition care to EMS upon arrival so that they can provide additional required medical attention.

IV. LIGHTNING

- ❖ Practices/games shall be immediately terminated when lightning is within 10 miles and will not resume for 30 minutes.
- ❖ Players shall immediately remove their helmets and find safe and appropriate shelter.
- ❖ You may determine the distance of the lightning by either the Flash Bang method or through the use of a properly functioning smart phone lightning alert application.
- ❖ Flash Bang Method: Count the number of seconds from the time the lightning is seen until thunder is heard. If the time elapsed is less than 30 seconds, lightning is inside of the ten mile range and the practice/game shall cease immediately.
- ❖ Each time lightning is detected within 10 miles, the 30 minute clock is restarted.

V. VENUE CLOSURE

- ❖ PRACTICE
 - In the event that your scheduled practice venues are closed by the league or the venue manager due to various reasons such as inclement weather, please leave the venue and contact your coach or visit the NMYAFL website for additional information for future actions.
- ❖ GAME VENUES
 - In the event that the scheduled game venues are closed by the league or the venue manager due to various reasons such as inclement weather before or during games, please leave the venue and visit the NMYAFL website for additional information regarding the rescheduling of any games that were postponed.

VI. FIRE

- ❖ PRACTICE VENUES
 - If fire is spotted at your practice venue, please remove your players and parents from the area and notify the appropriate fire department for each your practice venue. In contacting the fire department please be sure to provide the best address for the venue so they can arrive immediately. Once the fire department has been notified. Please contact NMYAFL and inform a league official of the situation. In addition, please complete an incident report online at www.nmyafl.org/
- ❖ GAME VENUES
 - If fire is spotted at any of your game venues please remove your players and parents from the area and inform a league official. They will notify the appropriate fire department for each venue and they will provide the best address for the venue to the fire department. In addition, please complete a incident report online at www.nmyafl.org/

VII. ACTIVE SHOOTER

❖ HOW TO RESPOND WHEN AN ACTIVE SHOOTER IS IN YOUR VICINITY

- ❖ Quickly determine the most reasonable way to protect your own life. Remember that Parents and Players will likely follow the lead of Coaches and Commissioners during an active shooter situation.

➤ RUN

- If there is an accessible escape path, attempt to evacuate the premises. Be sure to:
- Have an escape route and plan in mind – Parking lot away from Shooter
- Evacuate regardless of whether others agree to follow
- Leave your belongings behind
- Help Athletes escape, if possible
- Keep your hands visible
- Follow the instructions of any police officers
- Do not attempt to move wounded people
- Call 911 when you are safe

➤ HIDE

- Once able and a safe distance is created, find a place to hide where the active shooter is less likely to find you.
- Your hiding place should:
- Be out of the active shooter's view.
- Provide protection if shots are fired in your direction.
- Wait for law enforcement.
- Remember many NMYAFL Parents and Volunteers are Law Enforcement and First Responders

➤ If evacuation and hiding out are not possible:

- Remain calm.
- Dial 911, if possible, to alert police to the active shooter's location
- If you cannot speak, leave the line open and allow the dispatcher to listen.

➤ FIGHT (Last Resort)

- As a last resort, and only when your life or the life of your Athletes and Parents are in imminent danger, attempt to disrupt and/or incapacitate the active shooter by:
 - Acting as aggressively as possible against him/her
 - Throwing items and improvising weapons
 - Yelling
 - Committing to your actions

➤ Coaches Responsibilities During an Active Shooter Situation

- Players and Parents are likely to follow the lead of Coaches during an emergency situation. During an emergency, Coaches should be familiar with their EAP, and be prepared to:

- Take immediate action.
- Remain calm.
- Obtain Player count by setting a pre-determined location away from the fields.
- Establish a means of mass team communication.
- Lookout for league communication by text or email for future direction.
