It takes civic courage to engage in dialogues about important community issues in order to keep our democracy strong.

We are inviting you, your friends, and/or members of your church to join one of our lively, informative five-week 2.5-hour dialogue circles or four 3-hour Saturday circles ending with ACTION that can improve race relations in Indiana.

Facilitators trained in Racial Dialogue Circles will use Every Day Democracy's curriculum and provide course materials for participants (www.everyday-democracy.org). What follows are spirited discussions, friendships, new understanding, and the real possibility of racial reconciliation in our community.
