

## 2017 Regional Navigator Meetings

This year, we are excited to be hosting five Regional Navigator Leadership meetings from January to March! This year will be an opportunity for you to meet others in your community, share ideas, and learn how to make a difference together. Presenters will be Leslie Lipson and David Blanchard. They will offer their experiences and knowledge so that you can grow as an advocate working to improve Georgia's education system for children with disabilities and special healthcare needs.

Leslie brings her experience from a long career where she has worked for the Georgia Advocacy Office as well as offering assistance to the Department of Justice in its investigation of Georgia's GNET (Georgia Network for Educational and Therapeutic Supports) program. She honed her skills as an organizer while coordinating the Parent Leadership Support Project which assisted hundreds of families across Georgia.

We will offer a coffee reception that will begin at 9:30 am, with the program beginning at 10:00 am. Lunch will be provided. Registration is required for all attendees.
