

## 2017 Navigator Leadership Summit

Parent to Parent of Georgia would like to invite you to apply for our 2017 Leadership Summit on June 10 and 11 in Eatonton, Georgia. Applications will be accepted through May 31, 2017.

This 2-day leadership conference for up to 25 volunteer leaders from our Navigator Parent Leadership Program is designed to increase connections, offer expert leadership training from nationally recognized leaders and inspire participants to mentor and train others in how to effectively engage in groups as parent leaders.

Coming together for leadership training and networking opportunities while sharing ideas on how to start successful volunteer projects can empower leaders and change communities.

Participants will learn principles behind Serving on Groups so they can take part more effectively in decision-making groups. This training was researched, developed, and written collaboratively by a broad stakeholder group of statewide agencies, school representatives and family members across the state of Wisconsin. The curricula is designed to prepare and empower diverse participants to successfully serve on decision-making groups.
